SEVENTEEN OHIO PRISONERS DIE IN FIRE

NOT GOING TO MAKE COMEDIAN OUT OF HOOVER

NEW HAVEN, Conn., Oct. 8.—Hoover spoke Saturday, but he didn't answer any of Al's questions. He acted like he hadn't read 'em.

On the stage we call the man that asks questions the "straight" man and the one that answers them the "comedian." I guess Herb figures, "Well, you are going to make no comedian out of me."

If St. Louis is as big a surprise in politics as they were in baseball, I look for the state to go for me on the Anti-Bank platform.

Yours,
WILL ROGERS.

PA NEWC OBSERVES

This is fire prevention week, and is being observed throughout the nation. While no particular program is being carried out in New Castle, it is well that all turn attention to the matter of fire prevention and see what can be done.

There were a large number of voters that delayed registering until the eleventh hour. On Saturday night as the hour of ten o'clock arrived, there were many autos parked around the various registration precincts in the city.

And speaking of registration, it is being suggested by many that it will be necessary to divide some of the precincts before the general election in order that the vote can be handled. In one second ward precinct there are nearly 1200 registered. It will certainly be necessary to diivde this precinct in order to adequately handle this vote. Probably some other precincts will also have to be divided. But in this precinct action should be taken at once.

Road supervisors of Neshannock township have had some work done on the extension of Hazlecroft avenue between the city line and Wilmington road. The road is an important connection between the city and township highways and should be kept in good condition. It should be ashed, or covered with slag before winter sets in, so that it would be passable during the winter.

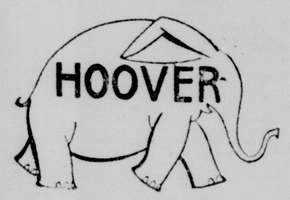

Autoists who were out yesterday got a glimpse of nature at its best. The well known "riot of color" is manifested by all of the woodlands. The leaves are colored at their very best, and most of them are still on the trees.

Pumpkins are ripe. At numerous ferms along the improved highways, large numbers of pumpkins are on display.

School children in Lawrence County, outside of the city of New Castle, are enjoying a vacation this week, while the teachers go to school—county institute. Some of the country boys are spending the week gathering nuts, although the number of nut trees has decreased greatly in the past few years. The chestnut blight killed many of the chestnut trees some years ago.

New Castle consistory sessions next week will bring a number of notables to this city. Heading the list will be Governor John S. Fisher, of Pennsylvania, and United States Secretary of Labor, James J. Davis. The consistory reunions are a most important feature of New Castle's activities, and bring many men of prominence to this city during the course of a year.

There are still some homes without radio. During the progress of the world series base ball game at St. Louis yesterday, scores of telephone calls were answered at The News, as to the progress of the game.

Three Prisoners Escape In Confusion; Eight Are Badly Burned

BELIEVE FIRE PART OF DELIVERY PLAN

Heroism Of Prisoners Saves Many From Terrible Death

(International News Service)

JUNCTION CITY, O., Oct. 8.—Seventeen prisoners dead three escaped and about eight severely burned was the toll taken by the incendiary fire set by inmates seeking to gain their freedom from the brick plant here, an industrial subsidy of the Ohio state penitentiary, according to officials of the prison here today.

The fire started in a frame dormitory housing 270 prisoners. The dormitory was gutted by the blaze and efforts of volunteer fire fighters were directed toward keeping the flames from sweeping other buildings.

Escape Planned

Officials of the prison and a fire force composed of trusties and other inmates of the institution were fighting the fire although the apparatus at their command was inadequate.

The blaze was the result of a carefully planned and skilfully executed plot on the part of a group of prisoners who set fire to the dormitory, seeking to escape during the resultant confusion, according to T. A. Young, superintendent of the plant, who sped here from Columbus and took charge of the removal of the charred bodies and the efforts of a

Three Hundred Attend County Institute Today

Opening Program Begins At One O'clock This Afternoon At Third U. P. Church

PROGRAM EXTENDS OVER ENTIRE WEEK

This afternoon at 1 o'clock devotionals led by Rev. S. B. Copeland opened the program for the 75th institute of Lawrence county teachers at the third United Presbyterian church located on the corner of Adams and East Washington streets. Three hundred six teachers from the county, exclusive of Ellwood City and New Castle were in attendance at the first session.

Registration starts.

At 9 o'clock this morning doors of the church were opened and the registration began for the county teachers. At 1 o'clock this afternoon registration closed at the start of the program which will continue both morning and afternoon until Friday evening of this week.

Following the devotionals is the program this afternoon, followed a song by the institute. H. L. Bland of the Clarion State Normal school is in charge of the musical program.

Dr. A. B. Van Ormer, professor of philosophy in Juniata college addressed the gathering of teachers on "The Chief Aim and the Greatest Need in Education." This was followed by H. L. Bland who spoke briefly on "The Making of a Song."

Speaks For Dr. Eisenberg.

Following the intermission T. C. Blaisdell of the Slippery Rock State Teachers college addressed the institute concerning what teachers might expect from the new order in the state teachers colleges. Dr. Blaisdell spoke in place of Dr. J. Linwood Eisenberg who was scheduled to speak and was unable to be present.

Tomorrow morning the second day of the county institute will begin

Governor Smith Ready To Start On Second Tour

Conference With Party Leaders In New York To Precede Tennessee Trip

ITINERARY PLANS STILL UNDECIDED

Strong Drive For Presidency Gets Under Way This Week For Democrats

By GEORGE R. HOLMES
International News Service Staff Correspondent

ALBANY, N. Y., Oct. 8.—Governor "Al" Smith's real drive for the presidency gets under way this week.

The west is behind him. The border states are at hand. The east lies ahead.

This week the Democratic nominee invades the border country. It is doubtful. It is also necessary to his candidacy if it is to be successful in November. Figure as they will, the Democratic managers cannot envision Democratic success in November without some of the border states.

In Kentucky.

Next Saturday Governor Smith will be in Louisville, Ky., all of Friday will be spent in Tennessee. The week following will see him in Missouri. He already has been in Oklahoma, Maryland, another important border state, is being saved until later in the campaign.

Governor Smith probably will speak on the tariff at Louisville. There in the blue grass country he will lay low the charge that he is "a tariff for revenue only" Democrat, and blossom forth as a protectionist. That at least is the prospect.

Itinerary Undecided.

The itinerary for Governor Smith's second week on the road was still undecided today. Sedalia, Mo., and Chicago are still on the schedule for the second week, but whether there will be other dates appeared doubtful.

There has been a good deal of dickering over an Ohio date. Cleveland, Cincinnati and Columbus are being considered. Today it appeared prob-

Brief Respite Helps Cardinals Reconstruct For Fourth Game

By DAVIS J. WALSH
Sports Editor International News Service

ST. LOUIS, Oct. 8.—Just when everything seemed in readiness to place the rope about the neck of the condemned, the weather man came galloping up with a stay of execution today and, as a result, the world series hopes of the St. Louis Cardinals lived and breathed for at least another 24 hours.

It rained with great earnestness late last night and throughout the morning, leaving Judge Landis no alternative but to declare the fourth game of the series between the Cardinals and New York officially off and out until tomorrow.

Firemen Ask Council To Preserve Old Bell At East Street Station

It is not often that sentiment enters into the life of councilmanic duties but today solons practically agreed to go along with a movement fostered by firemen of No. 1 Hose company whereby the fire-bell which has pealed for years is to be kept as a momento of days that were both happy and sorrowful. When the bell is finally removed from the tower of the vacated fire-house it will be placed in a safe place where the future citizens of New Castle can see it.

Present Request

Today William Gustafson, secretary of Fire Hose company No. 1, appeared in council chambers and presented a petition to the councilmen assembled.

The petition said that Hose company No. 1 members recently met and said they had agreed that the bell has played an important place in the lives of city firemen and citizens.

They also said that for many years it had called to duty the members of the volunteers, merchants to their places of business when high water threatened and death of presidents, signing of the armistice and "taps" for deceased firemen and prominent citizens.

The members passed a resolution stating "therefore, we the men of this company, through sentiment ex-

City Bond Issue Sale Recommended

Burns And White Recommend Sale Of $50,000 Issue To New York Bank

Councilman William T. Burns, superintendent of finance and Solicitor Robert M. White, during council meeting, held at the city hall today recommended that the $50,000, bond issue, to be used for building Lutton street storm sewer, be sold to the Guaranty Company of New York, at a premium of $1,269.50. The recommendation was sent to committee, pending the approval of the state to issue the bonds.

Burns and White advised councilmen that all of the bids were submitted in the same manner as to par value, accrued interest and a definite premium.

The next highest bid was presented by the Mellon National Bank, Pittsburgh, which offered a premium of $1,169.25.

Eight Are Killed In Plane Crashes

Two Planes Collide Over Detroit And Five Are Victims

SOCIETY GIRLS DIE IN DENVER MISHAP

(International News Service)

Eight persons, two of them still unidentified today, were killed in three airplane crashes yesterday at fields in the West and Middle West.

Two planes collided in the air at Detroit and five persons were killed. Two of them, a young woman and a young man, were unidentified today. The dead included Capt. Clement Brown, president of the Aero Coupe Company, of Detroit, and his fiancee, Marjorie Yuill. The fiancee of Russell J. Paulger, pilot of one of the planes, was waiting for him on the ground and saw him crash to his death.

Girls Are Killed

In a crash at Denver two young socially prominent girls were killed when the unlicensed pilot of the plane in which they were making a flight forbidden by their father, "froze" to the controls while the ship was in a tail spin.

The girls were Mary Begole, 23, and her sister, Carroll, 19, daughters of George Begole, city auditor of Denver. The pilot, Charles Wilson is critically injured with a broken back.

A Cincinnati pilot was killed and student flier injured when their plane crashed from a height of 100 feet.

Eligible Vote In Entire County Is Now Nearly 34,000

One Precinct In New Castle's Second Ward Has 1,182 Registered

HUGE VOTE BRINGS UNUSUAL PROBLEM

Many Other City Precincts Have Huge Registration This Fall

New Castle has 13,539 men and women eligible to vote at the November election, according to reports made by registrars to the county commissioners' office today. Of this number 7,471 are men and 6,168 are women. In the county, outside the city, there are 10,952 men and 9,389 women, or a total of 20,341. The grand total of city and county eligible to vote in November is 33,880.

Registration in the city breaks all previous records. The figures reported are for the three days. It is likely that there will be a few more registered in the city as several came to the county commissioners' office this morning and reported that they had been out of the city on all three registration days and asked to have their names entered on the books.

Nearly 1200 in Precinct.

Large registration in this city presents a serious problem in some of the districts, as it is feared not only that the election boards will not be able to take care of the vote, but that the ballot boxes will not be large enough to hold it. This is particularly true in the fourth district of the second ward where the registration has reached the unprecedented total of 1182. Of this number 595 are men and 587 are women.

Record registrations are also found in the first of the first ward, the fifth and sixth of the second ward, where totals run over 800 each. In the second of the second ward there are 673 registered. The total registered vote of the second ward is 4223.

Heavy Everywhere.

There are also large registrations in all three precincts of the third

Rev. Eckman Begins Pastorate At Zion Lutheran Church

New Pastor From Gibson City, Ill., Assumes Charge In This City

Rev. J. W. Eckman of Gibson City, Ill., who recently accepted the call to the pastorate of Zion Lutheran church of this city, assumed his charge here at the Sunday services yesterday.

Rev. Eckman was greeted with an attentive audience for his initial message at his new pastorate.

For the last 18 months Rev. Eckman has been pastor of the Salem Lutheran church of Gibson City, Ill. He tendered his resignation with that church some weeks ago.

Last Friday evening the local congregation gave an informal reception to Rev. and Mrs. Eckman in the church parlors. The evening was spent socially, featured with talks and greetings extended by a number of the church officials. Rev. Westlund of Youngstown, acting pastor of the church, made the principal address of the evening.

Others taking part were John Swanson, Iner Nelson and John A. Bergman. Rev. Eckman was presented with a purse and Mrs. Eckman was given a beautiful bouquet of chrysanthemums, the latter being presented by little Mable Johnson. Lunch was served later by the ladies of the church.

Until they can find a suitable house Rev. and Mrs. Eckman will be located at the home of Mr. and Mrs. John Swanson, Albert street.

which refused to change the death sentence of a Los Angeles jury.

No Stay of Execution

Had the petition been granted a stay of execution would automatically have followed, according to Jerome K. Walsh of Kansas City, Hickman's attorney.

The petition was taken to Justice Sutherland in chambers because he had jurisdiction of Pacific coast appeal matters. The justice had the alternative of sending Walsh before the entire court to present the matter.

Still clinging to the hope he may save Hickman, Walsh planned to make a similar appeal for a stay from some other justice of the supreme court.

Walsh exhausted every effort in the California courts to save his client.

He was born in Connellsville, the son of John and Mary Naven Minor, and had been a resident of this city for some years. He was a member of St. Mary's church, the Fraternal Order of Eagles and was a veteran of the World War, having seen more than a year's active service overseas as a private in Company A, 315th M. G. B., Eightieth Division.

He sailed for France May 17, 1918, and returned to the United States May 30, 1919. Although he saw active service in the battles of the Meuse-Argonne September 26-October 18, 1918; Meuse-Argonne November 1-9, 1918; St. Mihiel September 17-18, 1918, and Somme August 1-8, 1918, he was never wounded and he had a most excellent record while in the service.

He is survived by his wife, Mrs. Grace Minor, three sisters, Mary, Anna and Rose Minor, and one brother, James Minor, all of Cleveland, O. and optimistically predicted Hoover would be the first Republican nominee since before the Civil War to smash through the traditions that have kept Dixie Democratic for 60 years. Hoover was cheered as hundreds of telegrams reached him with congratulations on his Elizabethton, Tenn., speech.

Gets Into High Gear

The Hoover campaign meanwhile roared into high gear. Charles Evans Hughes, standard bearer of the 1916 campaign, and William E. Borah, the "lone wolf" of Idaho will share the limelight with the nominee during the last months of the campaign. Other speakers will be broadcast in the East and West every morning and evening up until election day.

Borah, just concluding a long swing through the West, will return here this week to confer with Hoover. Then he will leave again on a tour of six states—West Virginia, New York Connecticutt, New Jersey, Rhode Island and Massachusetts. He will speak in New York City toward the close of the campaign.

Hughes in Missouri

Hughes will open his speaking tour in behalf of Hoover at Sedalia, Mo., within the next two weeks. Then he will make four more prepared addresses, closing the campaign in Brooklyn. He also will speak in Massachusetts and upstate New York, according to present plans.

Hoover himself will make two more speeches in the East, one at Boston October 15 and the other in New York City October 22. He may add a third for the last week of October, before he leaves for his California home to vote.

Hoover began drafting his Boston speech today. He will probably lay great stress on the tariff, governmental economy and scientific administration, as his speech in the main will be directed toward the industrial groups of New England. He will visit Worcester, Springfield and Newtonville, Mass., while en route to Boston.

The Hoover leaders hope he will make as favorable an impression on New England as he did upon the South. They shared the opinion of Representative John Q. Tilson of Connecticut, chairman of the Republican speakers bureau at New York, who said Hoover will carry Tennessee "by a larger majority than that won by President Harding", as well as Virginia and probably North Carolina and Alabama.

Hoover Alphabet

By MABEL F. MARTIN

GENERALSHIP.

His Peaceful Forces Greater Than Any General's.

Herbert Hoover is essentially a leader. His generalship has never been surpassed yet he has none of the stern attributes of a commander nor has he ever been forced to exercise them for his followings have always been voluntary.

As head of the Food Administration from 1917 through the war he was the leader of 20,000,000 American women who followed a rigid regime of food saving laid out by Mr. Hoover to such a point that had the war lasted years longer the country and its overseas forces would not have felt the pinch of hunger as did the people of other war stricken nations.

Likewise during his engineering career he directed at one time nearly 200,000 workers who not only were completely satisfied with their working conditions but idolized their chief. Hoover lays plans and they are so clear and convincing that others are led to carry them out to the letter knowing that they will derive the greatest benefit in the end.

Bad Wreck Reported In Seventh Ward

About 3 o'clock Saturday afternoon a report was received by the police that there had been a bad wreck at Madison avenue and North Liberty street, and Officers Campbell and Longstreth visited the scene.

They found that a machine in which there were four colored men, Leonard Owens of Zanesville, O. Matthew Jordan, Jacob Haywood and Harlene Smith, had crashed into the machine of Miss Mary Heath of Sharon, Pa., as their machine made a left turn on Liberty street from Madison avenue. All four men were arrested and later three, Owens, Jordan and Smith were released until a hearing could be held on a later date. Haywood was fined $5 for being drunk. The negroes made the turn on the red light. The car of Miss Heath was damaged to the extent of $110.

RED CROSS FUND MOUNTS SLOWLY

Total Is Near To $2,000; Still Seeking For Further Support Of Fund

In response to the local Red Cross chapter's appeal for additional contributions to the West Indies and Florida hurricane relief fund, but two gifts were accounted for over the week end. Saturday night's donations of $25 increased the New Castle organization's total amount of contributions to $1,868.29. A quota of $10,000 has been asked of the chapter by national Red Cross authorities.

The week end's last donation marked the 164th contribution to the fund from individuals and organizations. "It is imperative," say local officers, "that the citizens of Lawrence county contribute what amount they can to enable the chapter to fill its quota, and contribute quickly."

Contributions of any denomination will be gladly received anytime.

The two week-end donations were as follows:

Previously reported	1,838.29
Genevieve Riddle	5.00
A. C. T. Class, First Christian Church	25.00
Total contributions today	$1,868.29

Charge Driver Did Not Respect Signal

Eldin Cameron was arrested Sunday by the police on a charge of running through a red light. After his arrest on that charge, it was found that he was wanted on a warrant issued by Alderman H. G. Coates, in charge he was charged with larceny by bailee in connection with a battery which he had in his possession. He paid a fine of $3 at the police court today and was then turned over to Alderman Coates, where his trouble at that place was adjusted by the return of the battery.

This Modern External Treatment is best

Mothers prefer the external treatment, Vicks VapoRub, for children's colds, because it avoids the constant "dosing" so disturbing to delicate little stomachs. You just rub it on throat and chest.

Other members of the family prefer Vicks for their own colds, because it is convenient, and quick in bringing relief. Colds usually yield overnight.

HERBERT HOOVER'S TENNESSEE SPEECH

IN marked contrast with the tirades that have been delivered by his Democratic adversary, in his recent western tour, was the dignified and constructive speech made by Herbert Hoover, Republican party candidate for the presidency in his trip into the "solid south," on Saturday.

Speaking at Elizabethton, Tennessee, Herber Hoover outlined his national policies in a manner that leaves no doubt as to where he stands. It was a further exemplification of many of the points outlined in his speech of acceptance, with emphasis on several in addition.

The Republican party candidate reinforced his position on the prohibition question. He definitely declared that he desired the eighteen amendent to the constitution to succeed. Here in brief is what he said:

"The purpose of the eighteenth amendment is to protect the American home. A sacred obligation is imposed on the president to secure its honest enforcement and to eliminate the abuses which have grown up around it; I wish it to succeed."

The prohibition issue in this campaign was not of the making of the Republican party. It was not of the making of the Democratic party. It was personally injected as the issue by Governor Smith, the Democratic party candidate, after he had been nominated.

The challenge that Smith laid down in his personal declaration has willingly been accepted. The candidate of the Republican party leaves no doubt as to where he stands. And the great army of the rank and file of American men and women who are against liquor, and they are in the great majority, will give their answer in no uncertain tones on November 6.

Hoover likewise declared in his address in Tennessee against any increase in immigration allowances, another thing that will meet with the genuine approval of the great bulk of Americans. Certain it is that there is no reason in attempting to combat unemployment in America by opening the gates wider and allowing a larger number of foreign born to enter our land to compete for the jobs that exist, and for which there are already more than enough Americans, or foreign born within our gates.

Throughout his address, which touched upon many other issues of the present campaign Hoover gave expression to the same good common sense that characterized his handling of the prohibition and immigration problems.

All in all, Hoover's speech Saturday was one that meant something to his campaign. It will stand analysis in any way that one wants to look at it, viewed in the light of United States progress and betterment.

Hoover again demonstrated his presidential calibre.

A FAIR TAX

THE tax on gasoline, used as a source of public revenue in all but two states, is under fire in the courts. An Illinois court has declared the levy unconstitutional under the fourth amendment. In other states its constitutionality has been upheld.

The discriminatory features of such legislation have long been used as an argument by the opponents of the gasoline tax. It is open to question whether the tax is discriminatory in the required legal sense.

It is true that users of gasoline cars pay a greater share of the tax burden than those operating steam and electric automobiles, the latter escaping the gasoline tax, but the number of steam and electric cars is relatively so small that it is hardly worth while taking them into account.

The benefit of good roads, built, improved and maintained to a large extent with revenue from the gasoline tax, is shared more largely by the owners and drivers of gasoline vehicles than by any other class.

If any considerable number of gasoline consumers protested against the discrimination against them and in favor of the owners of gasless cars, the courts might be justified in declaring the gasoline tax discriminatory and, therefore, unconstitutional. The fact is that few have thought of the owners of electric and steam cars as exempt from the gasoline tax.

The greatest danger in the gasoline tax is that it will be made ruinous. State legislatures are tempted to boost it to the point where it becomes burdensome and unpopular. The shortest route to the repeal of a tax is to levy more than the traffic will bear.

GLORIOUS SEASON

NATURE is speaking sweetly in these dying days of summer. Her message is one of the serious and beautiful things of life. To feel it, go out among the trees and hills, near some lagging river or brook and witness the passing of a season.

The beauty of fall is the red-grey glow of reminiscence. Trees that we remember budding into brilliant green in spring now have faded. But how prettily faded! Like a mother, in reverent age, donning the silver mantle of white hair! A fading tree speaks mutely of how splendid a thing age can be. It is a great art to fade beautifully.

The hills that had been clothed with the vigor of bright greens have taken a quieter, more peaceful outlook now. It is as though age, in a pretty shawl, sat rocking peacefully, remembering and waiting.

Down in the valley all is quiet and lovely. The boisterous brook of the spring is singing a different song now, a melody of contentment. Along the banks the trees nod gravely, the trees that had known and gloried in the lashing passion of summer storms.

A miracle of miracles is working in the outdoors now. To witness it is to know a little more about life—and peace.

Good From Evil.

Regulated Cannibals.

Politics, Very Little.

Realist—Optimist.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

John J. Raskob, chairman of the Democratic committee, establishes with $1,000,000 a foundation to help poor children start in life. The money is given in memory of his son, William Raskob whose life was cut short at 20 in an automobile accident.

Wise Providence extracting good from evil makes the sorrow of affectionate parents a blessing to the poor.

Sir Hubert Wilkins' book "Undiscovered Australia" takes you back to Marco Polo's travels in the East.

Sir Hubere saw many savages with long tails, long enough to show in photographs.

These savages are cannibals and admit it but they regulate cannibalism "Only young men may eat young babies." The flesh of young girls is reserved for old men of the tribe. Women may not eat young boys but anybody may eat grown up men and women.

Even aborigines converted to Christianity cling to cannibalism. A man killed for wife stealing was eaten. The savages said: "His spirit has gone to Jesus; it will not return to harm us. Why should we waste fine fat meat?"

Marco Polo described men even lower in the scale and with longer tails. Most annoying to anti-evolutionists. But probably Satan planned the thing to worry us.

Gov. Smith will talk to the farmers again. Herbert Hoover is going south to try to break that solid Democritic region, first Republican candidate to undertake the task in many years.

Mr. Hoover is said to be undecided about topics for certain speeches.

Indecision, usually foreign to him should be completely lacking in this campaign. The people want answers to THESE questions:

Are you going to continue prosperity and increase it?

Have you planned for improving this country for great national undertakings, roads, canals, drainage, irrigation, power?

Is it your intention in time of need to use unemployed man-power in public works a fair pay instead of allowing it to go to waste?

Gov. Smith also will visit the south and undertake to keep it solid.

He will tell the southerners that his plans would not force them to turn wet. States that want to be dry would be dry. Those that want to be wet would be wet.

The king sent congratulations Friday to T. P. O'Connor oldest member of the House of Commons on his 80th birthday.

O'Connor says he is a realist-optimist. As a realist he knows that life is sad. As an optimist he refuses to be discouraged.

O'Conner took his first newspaper job 61 years ago.

To be an optimist after 61 years of newspaper work is unusual.

The Count Zeppelin will start from Berlin on October 9 and make the flight to New York in from 50 to 80 hours." Four American passengers are paying $12,000 for the one-way trip.

Let us welcome this proof of German enterprise but not forget that "in from 50 to 80 hours" enough explosive and poison gas coud be sent across the Atlaneic to destroy billions in property and kill millions of human beings in cities along the coast.

John M. Phillips accused of getting millions of bribery and corrupt contracts in Queens, New York city, lost his millions gambling at race tracks and finally drank himself to death with bootleg liquor.

There is a text in his life that might help to fill churches.

Congressman Sabath of Illinois says says that the Coolidge administration is responsible for Mrs. Mabel Willebrandt's political speeches before Methodist church gatherings. Mrs. Willebrandt talked to Methodists about prohibition. Congressman Sabath says: "That is part of a whispering campaign."

Congressman Sabath is excited because Mrs. Willebrandt draws her salary from the government as she does her talking.

Does Congressman Sabath cease to draw his salary while he talks? If not, why?

Why not revive an ancient custom and censor all speeches in advance?

Admiral Fiske inventor of the valuable "range finder" will at the age of 74 cast his first vote for Hoover because he thinks Democratic pacifism would endanger the country.

Democracy is whatever the leaders in charge choose to make it. Grover Cleveland, a Democrat, wasn't a pacifist. Woodrow Wilson was a Democrat and but for him this country wouldn't have entered the war.

Bible Thought For Today

PRAYER ANSWERED:—I sought the Lord, and he heard me, and delivered me from all my fears. This poor man cried, and the Lord heard him, and saved him out of all his troubles. Psalm 34: 4, 6.

PRAYER:—O Thou, who hearest prayer, to Thee we come. Do Thou supply our every need out of the riches in glory in Christ Jesus.

Why don't good men run? Well, why endure the insults and ridicule of a campaign to win the privilege of serving thankless people for little pay?

Heathens are slow to accept the white man's religion, but they see the need of it after they adopt his vices.

Some people just seem to be looking for a chance to get peeved and they find it before they go very far. There are enough things of a existing nature that come along naturally without hunting for 'em.

Marrying is like everything else—if you do it right the first time you won't have to do it over again.

A woman might love a baldheaded man or a fat man, but she would do most anything including dying to keep from being either baldheaded or fat herself.

You can tell a moron by the joyous look on his face when he has succeeded in gilding the conversation with the one foreign phrase he knows.

Impaling her small son with a critical eye, a Neshannock avenue mother said: "Your face is fairly clean, but how on earth did you get your hands so dirty?" "Washing my face," answered Jimmy.

You will get a chance to vote for voting machines in Pennsylvania at the coming election. They are a mighty good thing and will help elections a lot. However, they will not eliminate the ten dollar patriot who seems to be a part of elections.

MODERN DEFINITIONS

Aristocrat: One who considers the respectability of his grandfather to be sufficient payment for his debts.

Abstemious man: One who never tastes wine or spirits unless he knows that his host has a dependable bootlegger.

Nuisance: The disturbance caused by your neighbor making a fortune.

Oversight: To leave your old umbrella and to bring home a new one. Easily done when the old one had a curved handle and the new one a straight handle.

We saw a picture of a dog that was given to Gov. Smith by some admirer out west. The dog looked to us as if the owner of it was trying to get rid of it. It sure looked like a mutt.

It is said that the mississippi valley is the greatest fur producing area in the world. This will be a surprise to a lot of people and by the same token those same people may know very little about furs—and who does. A cat may make a sealskin.

From the newspaper reports we learn that the Chicago girl who won a dressing contest the other day required 45 seconds to get all her clothes on. From which we infer that one of her stockings got snarled up for about 25 seconds.

TUM ON

A Coronado girl came down to dinner the other night in a new Paris frock that caused her mother to gasp and say:

"Really, my love—really—I think you'd better lengthen that skirt."

"Yes? Why?" said the girl, as she lit a cigaret.

"Men," said her mother severely, "will be apt to think you're a child and take you in their arms and kiss you."

The girl blew a smoke cloud into the air.

"Well," she said.

If it wasn't for base ball, football and a few other things some people would have absolutely nothing to think or worry about.

Much money has been spent by the family of Hickman, the Los Angeles child murderer to save him from the pan. Hhe is to be executed the 19th of this month if something does not happen and he will be buried in California as his family does not have money enough to meet the expenses of taking the body to his home in Kansas. Maybe it's just as well.

TO AN EARTH-SPURNER.
by
Franklyn Blanning

Spurner of earth, so unafraid to die,
Does Heaven-hunger urge you to the sky?
Is your soul so sick of dull, mundane things
That you must ride high on swift, cloud-swept wings?
Do you, who lust after the upper air,
Find the peaceful breath of God nearer there,
Or nature's canopy so fair?

Paradise, I know, must rock with laughter
To see what you, restless one, are after;
Earth roads, sould-blistering, all men have trod
Who attained the sweet calm that flows from God.
Splendor of shining spheres your flight brings near,
But when the clouds grow dark, stars disappear.
To glorious heights you in vain ascend,
For clay will claim you at the end.

How dull the tin market must have been back in the days when neither food nor families came in tin cans. No wonder they used the stuff for roofs.

The present presidential campaign has been quoted as the most important in the history of the United States. We believe it is at that and that why a Republican should be elected by all means.

Most women consider men fools. And yet most of them seem to have an insane desire to dress and act like men. Is there any logic in that?

We read a great deal about French nude, marron, mirage, aluminum, dove grey, evenglow, coral, etc., etc., but in this wonderful climate gooseflesh seems to be the most popular shade in the new stockings.

FALLS ON STAIES KILL MANY

An investigation of 29,684 accidents in Chicago reveals that 15,241 were household accidents. In one year falls on stairs in homes caused the death of 1,149 persons and crippled more than 4,000 others. Even with the motor car frisking about, home still seems to be the most dangerous place. However, not so many persons are staying home as used to.

In the old days there were pictures like those in the magazine ads, but not in ads. Newsboys sold them to naughty men on trains.

There are at present 1,395,969 automobiles in Pennsylvania and 56,227 more than there were a year ago. Some people are still evidently without a car at that. People who get one always want two or more it seems.

"We might as well shut up shop" said the owner of a beauty parlor, "as none of the girls seem to care a rap about being beautiful." It will be all right for you to tell a lie now.

We read an ad which said "Why keep your baby carriage now when your son is six feet tall" Well we have known of occasions when a baby carriage came in mighty handy after that even if it was a bit out of style.

It is just as well to always remember that the other fellow may have more troubles and heart breaks than you have, but keeps them quiet.

The World AND THE Mud Puddles

MEN AND TREES.

Man has been likened to a tree as long as words have been written into intelligent sentences in any language. The tree trunks and whispering boughs of the forest have spurred poets to write as well as frightened children having to pass through woods in the night time.

There is an old Norse legend that Odin fashioned the first man from the twig of a tree. The Norse word for man is aska, and from this fact the tree from which Odin is supposed to have fashioned the first man has been called the ash.

Another legen is that the ash, growing from a great void, had the stars as its fruit and the clouds as its leaves. Its roots were supposed to be planted in Hades. Three wells were supposed to be placed besides its main stem, and from these wells folks of long ago believed the ocean sprang.

Three springs at the root of the ash tree were the Spring of Force, the Spring of Memory and the Spring of Life. Even in later ages, many strange legends have been associated with the ash. Babies were put in hammocks under ash trees while mothers labored in the fields, in the belief that the ash exercised a special protecting influence over their infants.

Press Ireful Over Possibility Of Paroling Leopold And Loeb

Suggestion That Technical Error In Legal Papers May Make Chicago Murderers Eligible To Freedom Stirs Emphatic Protests

The suggestion that Leopold and Loeb, Chicago murderers, might be free on parole within a few years because of a technical error in their commitment papers aroused emphatic protests throughout the country. Even the possibility of such a development is discussed with indignation, notwithstanding assurances from officials and from the lawyer who defended the prisoners that there is no chance of paroles being granted.

"If crime is in the ascendancy in the nation, and is obviously is," in the opinion of the KANSAS CITY POST, "no factor has contributed more to such condition than mollycoddle methods that have so tempered justice with mercy that the original purpose and intent of punitive law have been lost sight of in a wave of maudlin sympathy with criminals. That Loeb and Leopold are reported as pampered pets in the Joliet penitentiary is merely a matter of prison control, but that they should be released at any time to prey again upon less fortunate fellows would confirm the oft-heard suspicion that justice peeps through her blindfold every now and then in dealing with certain classes of criminals."

"The state's attorney has reminded the pardon board," says the FORT WAYNE NEWS-SENTINEL, "that no one will force it to release these young beasts who have been made pampered pets at Joliet. Let us hope that the public will not ever permit their release. If they had been sentenced to death, as they should have been, there would not be today any question as to the extension of clemency."

The PORTSMOUTH DAILY TIMES declares that "if the papers in this case are so worded that the ends of justice are defeated and the order of the court made a mockery, then it was not due to any mistake, but to something far more sinister, and something that should call for instant and drastic investigation." The Times refuses to believe "that in a case of this importance, handled by men of the highest skill in legal technicalities and of long experience, there should be a mistake of such a stupid character."

Considering the possibility that the two youths may be "set at large again when but ten years of an intended life term shall have been served by them," the NEWARK EVENING NEWS comments: "It neither appears nor matters whether that error was one of intention or of oversight. In the eyes of straightjacketed law and musty jurisprudence, it is of greater importance than guilt of a crime which shocked the nation and gave rise to a series of related crimes engendered in other distorted if sometimes cultivated minds. Isn't it monstrous?"

"Since they were saved from the noose after one of the most cold-blooded, brazen, brutal and wanton crimes ever committed," remarks the NEW ORLEANS MORNING TRIBUNE, "anything may happen. With most of our courts, the criminals get a high percentage of the 'breaks'. And in Chicago, if the crime be sufficiently revolting and brutal, they seem to get more. Therefore, no one must be surprised if Leopold and Loeb yet come clear after serving six or eight years."

The ANN ARBOR DAILY NEWS, however, holds that "to presuppore that a request for a pardon in this particular case would automatically produce one is to give the pardon board no credit for realizing its responsibilities to the state. Then, the intention of the judge when he sentenced the youthful butchers to prison, is part of the record, and the intention was for 'life', without reservations. * * * Incidentally, some investigation as to why they were 'pampered pets' of a supposedly penal institution might not be out of order."

"The trouble with life imprisonment as a substitute for the death penalty," according to the ABERDEEN DAILY WORLD, "is that it does not make final disposition of the case, and is an inadequate protection for society, because it does not mean what it pretends to mean. It is, for instance, almost a moral certainty that the day will come when Leopold and Loeb, atrocious murderers, will be freed. They are of no value to society, and, liberated, they will become a direct menace." The BELOIT DAILY NEWS states that "their release, after even their own counsel argued for shutting them up for the duration of their natural lives, would mark another travesty and miscarriage of justice, more glaring than a mushy jury's manumission of Remus in Ohio."

"It was a travesty on justice to save these two. It will be another travesty to let them out in six years or sixty. The escape of Remus and of Leopold and Loeb shames American justice," says the ALBANY EVENING NEWS, while the SALINA JOURNAL observes: "Events of recent occurrence have attested the terrible effect of the crime of these youths, and of Hickman, the California fiend who is still comfortably settled in jail. Confessions in other hideous crimes have revealed that Loeb, Leopold and Hickman were the inspiration."

"What has the error to do with the facts in one of the nation's most abhorrent murders?" asks the PORTLAND OREGON JOURNAL. "What has the error to do with who killed little Bobby Franks and how? What has the error to do with the punishment which the facts demand? Enough of such legal quirks and the consequent miscarriage of justice, and there would be no respect for law and courts anywhere in the country, and when that time comes, America will revert from the civilized to the barbarian."

"Any move to release the 'perfect murderers' from Joliet prison," warns the ROCHESTER DEMOCRAT AND CHRONICLE, "would produce a tempest of fury in the present state of the public mind. But will the public mind always remain the same, after the details of the atrocious crime have become blurred by the years? * * * The danger is that the watch dog may grow old and toothless and his patience will wear out."

Dr. Crane's Editorial

PHYSICAL BASIS OF INTERNATIONALISM

Somebody said the other day that all attempts to make peace by arrangement between individual countries, as by the Kellogg Plan, would be futile without some sort of international machinery and disarmament. International questions should be automatically and peacefully settled by law.

We cannot go as far as this. The efforts of Mr. Kellogg and others are not futile. They all help along by setting the mind of the world against war. There must not only be right machinery for settling disputes, but there must be a proper spirit among the peoples.

There is another aspect, however, which is hardly given enough attention. It is the physical aspect.

Quick communication help to break down isolation, and the greatest friend of war and misunderstanding is provincialism.

The transatlantic liners, the telegraph, telephone, cable, and radio have enormously helped. Whatever brings the mind of the world more into unity helps.

Dr. Harry T. Collings of the University of Pennsylvania declared the other day, at Williamstown, that the development of radio and aviation would "do more to improve Latin-American relations with the United States in the next twenty-five years than all we have done in the past one hundred years.

"Tremendous distances and impassable mountains and swamps will be annihilated," he continued. "The whole economic and social structure will be revolutionized. The effect will be felt in the government, in education, in every other relationship among Latin-American people with other nations."

Almost all the friction and disputes in the past have been caused by backward methods of transportation and communication. These have caused ignorance, suspicion and distrust, which will be dispelled by the radio and aviation, when Latin-American countries are brought within a few days' travel of each other and the United States.

Railways, highways and telegraph and telephone lines have failed because of the high cost of construction, owing to the nature of the intervening country.

It seems to be the mind of destiny to bring the world closer together. By means of rapid communication and transportation between the countries, little by little the world is becoming more of a unit. Patriotism is giving way before humanity.

Along with the efforts of statesmen and others to make an international mind, progress and invention are moving toward the same end.

PAST SPLENDORS

Those were days of summer splendor
When the skies were opal blue;
Those were days of breezes tender,
Days of song and laughter, too.
But the autumn winds are blowing
And the frosts are coming on.
And I wonder when it's snowing
Shall we count the pleasures gone?

When we come to bleak December
Shall the long nights find us sad,
Or shall we still remember
All the sunny days we've had?
When the garden blossoms leave us,
And the last red rose lies dead,
And the clouds of winter grieve us
Shall we count the pleasures fled?

When our hands grow numb and number
As we brave the bitter cold,
Shall we think of days last summer
When the sun was liquid gold?
When the snows our paths are lining
And the lakes in ice are clad,
Shall we spent our time repining
And forget the joys we've had?

And when Age at last shall hold us
To the chair beside the fire,
And life's winter shall enfold us
Crushing strength and all desire,
Shall we tell a doleful story
Just because we're old and gray
And forget the radiant glory
Of the seasons passed away?

McCulloch Estimates 50 Per Cent Apple Yield In County

Orchards Vary In Yields Throughout County This Year, Says County Agent

Peach Crop For This District Was Nearly One Hundred Per Cent, He Says

"Due to the variation in the orchards, it is more than difficult to make an estimate, but from all indications, the apple crop this year is about a 50 per cent yield." This was the statement of Harold McCulloch, county agent, concerning the apple crop for Lawrence county this year.

Some of the county orchards, states Mr. McCulloch, have nearly 100 per cent yields, but these orchards are few and far between. The average orchards in the county this year are yielding about one-half of what was expected.

Throughout the county the Baldwin apples are especially scarce. Several fruit growers who have many apples report that their trees of Baldwins are practically barren this fall.

There is no valid reason for the shortage. Many other counties in the state report record crops for the year although the supply is not plentiful through the entire state.

Every orchard has a different classification seemingly, stated Mr. McCulloch. Some of them in the county are loaded, while orchards adjoining have no crop whatsoever.

With regards to peaches, the crop was nearly a hundred per cent, declared the county agent.

Women To Leave For Ashtabula, O.

Women's Aid Of E. And A. Division Going In Special Train, Wednesday

Members of the Women's Aid of the Erie and Ashtabula division of the Pennsylvania railroad will convene at Ashtabula Harbor, O., on Wednesday October 10 for their regular meeting it was announced at E. and A. headquarters today.

A special train leaving this city around 8:30 a. m. will carry the ladies to the place of meeting, stopping at points en route for representatives of other districts. The exact time of the special's departure from New Castle has not yet been announced but it is believed to be near the hour already mentioned.

Sessions will be held in the I. O. O. F. hall. As the meeting promises to be an enjoyable one it is hoped that a good representation of all departments of the division will be in attendance.

High Commercial Club Will Meet

Plan To Have Prominent Business Man Address Body Once A Month

A regular business meeting of the Senior High school commercial club will be held on Tuesday morning, October 9, it was announced today. The newly elected president, Jean Mulholland, will preside.

Faculty supervisors of the organizations this year have been named and are Miss Genevieve Riddle, Miss Dorothy Green, J. H. Strothers and Walter McKee. Preparations are being completed to have prominent business men of New Castle address the group of students at least once each month.

The Way OF THE World

Wilfred Jones, an American young man, is back from a term of study in the Imperial university in Tokio, Japan. He has had a valuable year's experience in the Orient. What a fine thing it would be for the cause of improved international relations if scores of American boys could be students in universities in the far east. The Rhodes' scholarships in Oxford have done much for the cause of American-British understanding.

THE IMPOSSIBLE

It appears that the impossible has happened. What seems to be a reputable dispatch carries the news that a plumber, speeding to work, was arrested in Indianapolis for fast driving. The judge, astonished, freed the suspect. The poor plumber—or the rich plumber, whichever it is—has to stand for many jokes. But the fact is that civilization without a plumber would be an uncomfortable process.

A CLOWN

Antonio Perl, occupation, clown, jumped out of an eighth floor window in Chicago and was killed. He was out of work. Life was too much for him. All he asked was a job to be funny and make folk laugh. It is hard to judge, always, whether life is light or serious. You can't tell by just looking on.

There is too great a chance that hurting somebody's feelings may be breaking somebody's heart.

ISSUES

There is probably a lot of waste talk about issues in every campaign. Not that issues aren't important. Almost everybody will admit they are. But people don't vote on issues when there are candidates to vote for. They vote for men. They are inevitably attracted or repelled by personality—even by the reported personality of men they have never seen or are never likely to see. Even politicians, supposed to be wise, seem to forget how human the human race is. The politicians make a big fuss about issues. And few people care, to the point of letting it influence their votes. The battles of the world have been won by loyalty to leadership, notwithstanding all the talk about loyalty to principles.

SCOUT NEWS.

Wampum Troop No. 1 held its meeting October 2 which was opened by repeating the scout oath. The members present were Art Cunning, Nathaniel Book, Lynn Davis, Peanuts DeMark, Eugene Aello and Bruce Book. The minutes of the last meeting were read and approved by the scouts. The date of the weiner roast was postponed until October 18. The meeting was in charge of the assistant scoutmaster and was closed by saying the scout laws.

Style Keeps You Young

By MAE MARTIN

Nothing keeps you looking fresh and youthful like stylish clothes. And with little money and no ability to sew, thousands of women are keeping abreast of the shifting tide of style. Their secret is the art of home tinting and dyeing, which is made so simple by true, fadeless Diamond Dyes. Dresses, blouses, stockings, and even coats, that are out of style or faded in color, are made fresh and new looking with a few cents worth of Diamond Dyes. Anyone can do it. Diamond Dyes are so easy to use. They never fail. Gorgeous new colors appear like magic, right over the old, dull or faded ones. Tinting with Diamond Dyes is as easy as bluing, and it takes just a little longer to "set" the colors in dyeing. They are true dyes, the kind used when the cloth was made. See that you get Diamond Dyes and save disappointment.

My new 64 page illustrated book, "Color Craft," gives hundreds of suggestions for brightening and freshing your home and wardrobe at little cost. Send for your copy, NOW. It's FREE. Just write Mae Martin, Home Service Dept., Diamond Dyes, Burlington, Vermont.

The Amendments

Indebtedness Of Philadelphia Is Subject Of Tenth Amendment

The eleventh proposed amendment to the Pennsylvania state constitution, which will be voted on at the election of November 6, is herewith presented as it will appear on the official ballot:

Proposed amendment to the constitution number 11: Shall article nine, section eight of the Constitution be amended so as to read as follows? Section 8. The debt of any city, borough, township, school district or other municipality or incorporated district, except as provided herein and in section 15 of this article, shall never exceed seven per centum upon the assessed value of the taxable property therein, and the debt of any county except as provided in section 15 of this article shall never exceed ten per centum upon the assessed value of the taxable realty therein, but the debt of the city of Philadelphia may be increased in such amount that the total city debt of said city shall not exceed 14 per centum upon the assessed value of the taxable realty therein, nor shall any such county, municipality or district incur any new debt or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of taxable realty in the case of counties, or the taxable property in the case of other municipalities or districts, without the consent of the electors thereof at a public election in such manner as shall be provided for by law; but the city of Philadelphia may incur any debt or increase its indebtedness to an amount not exceeding three per centum of the valuation of the taxable realty in said city without the consent of the electors. In ascertaining the borrowing capacity of the city of Philadelphia at any time there shall be deducted from such debt so much of the debt of said city as shall have been incurred or is about to be incurred and the proceeds thereof expended or about to be expended upon any public improvement, or in the construction, purchase or condemnation of any public utility or part thereof or facility therefore to the extent that such public improvement or public utility or part thereof, whether separately or in connection with any other public improvement or public utility or part thereof, may yield or may reasonably be expected to yield revenue in excess of operating expenses for or towards the payment of the interest and sinking fund charges thereon. The method of determining such amount so to be deducted shall be prescribed by the General Assembly.

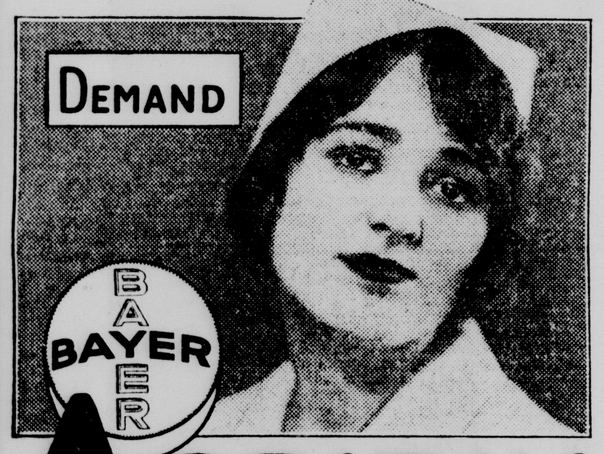

In incurring indebtedness for any purpose, the city of Philadelphia may issue its obligations, maturing not later than 50 years from the date thereof, with provision for a sinking fund sufficient to retire such obligations at maturity; the payment to such sinking fund to be in equal or graded, annual, or other periodical installments. When any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of construction or improvements of public works or utilities of any character from which income or revenue is to be derived by said city or for the reclaimation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for or may include the amount of the interest and sinking fund charges accruing and which may accrue thereon thruout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred, and said city shall not be required to levy a tax to pay said interest and sinking fund charges, as required by section ten, article nine of the Constitution of Pennsylvania, until the expiration of one year after the completion of said work.

For Better and Cleaner Heat Burn Youngstown Domestic

COKE

Coal in its most efficient form

IF you have never burned coke you can't realize how much better and cleaner it is than coal. Once you have burned coke you will never return to coal.

Coke will give you a greater degree of heating comfort than can possibly be obtained with coal. It burns slowly with a hot, uniform bed of fire which is not continually flaring up and dying down. It requires less "furnace tending"—less stoking, less shaking down, less draft adjustment. It is a cleaner fuel because the smoke and soot-forming elements and other volatile matter have been removed.

For better warmth with a new degree of cleanliness burn coke—Youngstown Domestic Coke.

Ministers Discuss Visitation Campaign

Also Endorse Recommendation Of Grand Jury That A Home Be Built For Underprivileged Children

Weekly meeting of the New Castle Ministerial association took place Monday morning at 10 o'clock in the Y. M. C. A. with the president, Dr. C. B. Wingerd, presiding.

The devotional period was led by Rev. A. M. Stump, pastor of St. Paul's Lutheran church.

The paper of the morning was read by Dr. S. E. Irvine, pastor of the First U. P. church, relative to the methods for the coming "visitation evangelism campaign" which will be conducted in the churches of this city beginning December 30. Rev. G. M. Landis reported that 13 of the churches had already decided to unite in the campaign. He also made a provisional report on the approximate cost to the individual churches.

The ministers also discussed the attitude of the laymen of the separate churches in connection with the campaign.

The association went on record as heartily endorsing the recommendation of the grand jury that a home be built for under-privileged and subnormal children in Lawrence county. The ministers believe that there is a great and immediate need for a home of this kind.

Rev. Arthur Seymour, returned missionary from Africa was introduced and gave a very interesting talk on some aspects of the mission field in which he has been laboring.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Salt Clogs Pipes Of Old Gas Well

Not "Earning Its Salt"—And Trouble Was Salt, Is Verdict

(International News Service)

MONONGAHELA, Pa., Oct. 8.—A well drilled by the Citizens Gas Co. 26 years ago showed signs of reduced production recently. It was not "earning its salt" and the trouble was found to be—salt.

A piece of pipe which is now on display here was found to be salt-clogged. The pipe when it was taken out to investigate the reason for reduced production revealed that the salt was packed so tightly that in some sections a pencil could scarcely be pushed through while in other sections the opening was only about an inch in diameter.

The peculiar feature of the salt-clogged pipe is that the salt is of uniform thickness in the pipe while the opening which is about an inch in diameter is of uniform roundness and almost as perfect as if it had been drilled by a machine. The opening is practically in the center of the salt coating.

PETER'S ADVENTURES IN ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

Little Brothers of the Sea

"Cormorant was quickly becoming his old cheerful self again. He was anxious to join the gulls, but he did wish Albatross would look his way. He wanted to bid that bird goodby.

"'Farewell, Albatross, and good luck,' cried he, frantically flapping his wings to attract the other's attention. 'If I meet any of your relatives I will tell them that you are safe and well and happy. Have you any other message that you would like to have me give them?"

"But not a word in reply did he receive. Albatross was enjoying himself hugely with his new friends and had quite forgotten about Cormorant. He didn't hear him call or, if he did, he paid no attention.

"'Now who would ever have thought that a bird could forget a bird for a human as quickly as all that!' exclaimed Cormorant, in a disgusted tone. 'However, it is no business of mine. I have done the best I could to make him hear me and now I am away! I daresay he will miss me when the novelty wears off, but then it will be too late. I shall no longer be here. I wonder if those Gulls are finding any fish. I am starved.'

"Spreading wide his wings Cormorant bade goodby to the ship that had given him refuge and flew down to join the Gulls.

"'Greetings, brothers of the sea,' cried he, alighting in their midst before they had caught sight of him. 'How goes it with you today? Are you having luck? Hope you don't mind if I join your fishing party?'

"As he appeared among them suddenly flapping his wings as he descended, the Gulls rose hastily from the water screeching in alarm.

"'Fly, brother, fly, the Skua is upon us!' But now, looking down and seeing who the newcomer really was, one by one the Gulls returned and settled on the water besides him.

"'If it isn't old Cormorant!' one of them exclaimed. 'What in the world are you doing so far from home, my dear fellow? I though that you never flew such a distance from land!'

"'Nor I, nor I, nor I,' cried the others, in chorus.

"'Well, great thoughts must run in the same channels then!' chuckled Cormorant, 'for I was thinking just the very same thing about you. I had no idea that you Gulls ever ventured so far away from shore. I always thought you were too fond of

making an easy living by picking up the scraps that the tide throws up on the beach!'"

Aimee Will Preach To London Audience

Plans To Use "Go Getter" Methods To Reclaim City's Sinners

(International News Service)

LONDON, Oct. 8.—Mrs. Aimee McPherson, American evangelist, intends to use "go getter" methods in making converts when she opens her series of revival meetings in London.

"I am going after sinners in a way that I am certain will bring them into the Christian fold," said Mrs. McPherson.

Now that the evangelist has reached English soil without any opposition from the immigration authorities the campaign against her, headed by the Rev. Dr. W. E. Pietsch of Los Angeles, seems to be languishing. Dr. Pietsch preached several scorching sermons against Mrs. McPherson branding her as a "fraud and a home wrecker" but has fallen silent lately.

A happy medium must be something between loud-mouthed oratory and a whispering campaign.

COULD NOT RELISH A MEAL

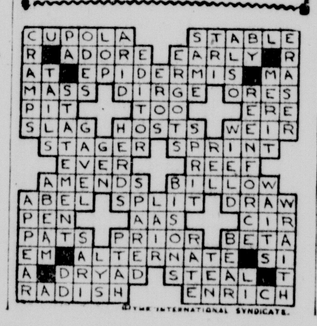

Lydia E. Pinkham's Vegetable Compound Gave Her Strength

King City, Mo.—"For seven months before my baby was born I took Lydia E. Pinkham's Vegetable Compound and was able to do my own work and to eat heartily, where before I was always sickly and could not relish a meal. Congratulations to the Vegetable Compound, as it is the best tonic I ever took. I have given birth to seven children before this, losing all of them, not being able for some reason to carry them to their full times. I hope this letter will help others to use this tonic."—Mrs. A. The MAYTAG Roller Water Remover

A New and Better Way of Wringing

IF YOU were to pass a clothes-pin between the rolls of the Maytag Roller Water Remover, it would appear as in the illustration above. In like manner, this large, soft, upper roll hugs the lumps, folds and seams in the clothes, reaches down into the low spots, and leaves no wet places to retard drying on the line. Buttons, snaps or ornaments go through safely.

Exhaustive experiments convinced The Maytag Company that a soft top roll, working against a hard bottom roll, creates more effective wringing action than two soft rolls or two hard rolls. The Roller Water Remover, incorporating this method, is exclusively owned and controlled by The Maytag Company. It permits perfect wringing with less time and effort than ever before.

The detail drawing at the right, above, shows you the many features of convenience which make the Roller Water Remover so handy. The safety-feed makes it easy to start the clothes through the rolls. The tension automatically adjusts itself to a thin handkerchief or a bulky blanket. The drainboard automatically reverses itself, and pressure on the safety release makes it possible to instantly separate the rolls.

Plaingrove School Notes

DRAMATIC CLUB.

The literary students of the Plaingrove High school met Monday morning for the organization of a dramatic and feverusiv clubs. Twenty-five members enrolled and the following officers were elected: President, Herman Donley; vice president, Gertrude Eppinger; faculty advisor, Mr. Kainey.

A debate is scheduled for October 19 on "Resolved, That the United States was justified in sending troops to Nicaragua." Those upholding the affirmative are Dorothy Brenneman, Gertrude Eppinger and James Stevenson; negative, Alexander Brown, Merle Stone and Edwin Gardner.

SCHOOL CHUM DIES.

Clarence Houston a member of the Plaingrove High school baseball team took sick Tuesday forenoon and was taken home by Mr. Myers. At 2:30 Thursday morning he was operated on for appendicitis. His condition grew worse and he died at the Mercer hospital. The students and faculty of the Plaingrove High school extend their deepest sympathies to the parents of one of their own number.

DEFEAT PRINCETON.

Plaingrove defeated Princeton Tuesday evening by a 2 to 0 score.

WORK PROGRESSES.

Work on the new high school building is progressing rapidly and the second story is almost ready for plastering.

Parisian Lady's Coat Becomes More Important Than Death When Spotted

PARIS, Oct. 8.—A young Parisian lady, disappointed in love, decided the other day to end it all. She waited till nightfall, then with determined step went down to the Seine. The multi-colored lights of the cruel city were reflected in the black waters of the stream, and a cool evening breeze made her shiver and draw her cloak more closely about her as she leaned over the parapet of the Solferino bridge and contemplated her watery grave.

Then she drew back, preparatory to the final plunge.

But horrors! What was this?

Glancing downward she perceived that her coat—her newest and best—was streaked with ugly gray paint. For the Pont Solferino had just been repainted, and the careless workmen had forgotten to hang up a warning sign.

Mademoiselle flew into an instant rage. She hunted up the nearest policeman, and showed him the pitiful wreck of her nobby fall topcoat.

"And it is for this that we pay taxes?" she cried.

"To have our best clothes ruined by the reckless incompetence of the Public Works Department! I shall make a complaint! I shall have the responsible person arrested! I shall sue for damages! A new coat—or at any rate the cleaner's bill—has got to come out of somebody else's pocket, not mine!"

And she went off in high dudgeon, and a taxicab.

The suicide is postponed, awaiting the settlement of the matter. It only goes to show that some things are more important than mere life and death.

Possibly mademoiselle will carry out her project of self-destruction as soon as her wardrobe has been put in order. Of course no Parisienne would like to be dragged lifeless out of the Seine dressed in a horribly paint-daubed costume. But on the other hand, this nice crisp fall weather we are having these days may persuade her that life is worth living, after all.

RAILROAD LEADER ADDRESSES ROTARY

Former President Of Western Maryland Speaks At Noon Hour Session

"'In the public interest' has grown to be a popular expression; it is freely used in the determination of all national policy. That the public welfare must always be paramount is conceded but that the public interest constitutes a united interest of which we are all a part is not always admitted" declared John M. Fitzgerald assistant to the chairman of the Committee on Public Relations of the Eastern Railroad Presidents' conference in his address on the foregoing phrase delivered at the noon meeting of the local Rotary club today.

The former president of the Western Maryland railroad company brought to this city by the clubs committee on public relations discussed at length the railroad's part in serving the public. "Nor do the railways oppose other forms of transport" continued the official. "We should have all the transportation necessary to the comfort and welfare of the people and the conduct of our industry. But let us consider these governmentally subsidized and competitive forms of transport on the basis of cost of service and value of service and not from the viewpoint of freight rates unless those rates include both the direct and indirect costs" the railroader argued.

Local Rotarians enjoyed Mr. Fitzgerald's treatment subject and manifested this in their hearty applause at the finish.

JUNCTION CITY, O., DORMITORY BURNS; INMATES TRAPPED

(Continued From Page One)

fire fighting crew, recruited from among guards, trusties and prisoners in the institution.

A searching party was quickly formed and armed with rifles to round up those prisoners believed to have made good their escape into the surrounding hills.

A trustee named Welch brought order out of chaos when the dormitory burst into flames and, with other prisoners who refused to join the break for liberty, tried to save the burning building but the flames spread too rapidly, and soon reduced the dormitory to a smouldering mass of ruins.

Welch said he personally knew of four men who perished in the fire and officials of the institution declared their belief that at least seventeen had been burned to death.

The dormitory destroyed was a temporary structure, according to Superintendent Young and, though in use since 1919, had not been considered adequate for housing purposes.

Prisoners Heroic

JUNCTION CITY, O., Oct. 8.—Heroism and loyalty of William O'Malley, 35, convict trusty, assisted by Chester F. Welch, 30, also a trusty, were held responsible for the escape of 256 prisoners from the holocaust which resulted when a dormitory at the brick plant here, a branch of Ohio state penitentiary, was swept by flames this morning.

Twenty prisoners were missing, of whom seventeen are believed to have met death and three to have gone "over the wall" during the pandemonium which followed the discovery of the blaze.

Caught like rats in a trap in the frame building, the prisoners shrieked and screamed as the structure became filled with choking fumes, and stampeded from one end of the dormitory to the other, seeking escape from the flames which, licking at the supports of the building, threatened to send the dormitory crashing to the ground.

O'Malley, a banker of Cleveland, under sentence of three to five years for stealing automobiles, was baking bread in the bakery which, with the warden's office, was located in a corner of the dormitory building when he smelled smoke and heard the crackling of the flames.

Running outside, O'Malley saw flames leaping through the roof of the dormitory. In the basement, built of concrete, were six guards, who, choking with the smoke, were unable to unlock the basement door.

O'Malley looked helplessly around for something to use as a battering ram. The prison yard showed nothing he could use and he fung himself upon the door with his bare hands, kicking and scratching. Then he hurled himself sidewise, time after time, at the door, using his shoulder as a ram. The door finally gave way and the guards choking and coughing, rushed out.

Close on their heels, like stampeded cattle, came the convicts. Ondescribable pandemonium broke out.

Many convicts were believed to have been trampled to death in the rush for safety, others were thought to have been killed by falling debris and still others, unable to squirm their way through the mass of struggling, panic-stricken prisoners at the door, are thought to have met death in the building. Three of those who were rescued by the efforts of O'Malley are said to have taken the opportunity to scale the prison walls and make a bid for liberty, fleeing to the surrounding hills.

When the prisoners streamed out of the dormitory, trusty Welch formed a volunteer fire force and attempted to beat out the flames but the filmsy structure burned with the rapidity of pitch and was soon reduced to ashes.

Dawn showed a blackened, charred heap of smouldering ruins of what was once the dormitory and disclosed gruesome spectacles in the smoking debris.

While skeletons, skulls and bones scattered throughout the pile of smoking timbers showed where many of the prisoners met death as they attempted to gain the door and freedom. It was impossible for officials at the prison to compute the exact number of dead until a checkup is made with the warden's roster which was saved by H. C. Blosser, deputy warden, who was in charge of the prison when the flames broke out.

It was at first believed that the dormitory had been set afire by a group of prisoners who sought in this way to make their escape but officials at the institution were inclined to doubt this theory and declared they believed the blaze to have been due to defective wiring. A searching investigation has been started to determine the exact cause of the fire.

All prisoners rescued from the dormitory were taken to either the state penitentiary at Columbus or to the Roseville brick plant near Zanesville.

By orders of Warden Blosser, the shrill shriek of the prison's siren was sounded and a detachment of farmers pressed into service to act as guards for the prisoners who were herded in the prison yard.

Award Contract For Sidewalks

Members of city council in session at the city hall today awarded a contract to the Crescent Concrete company for the construction of sidewalks at the McKinley-Elder properties, lots 198 and 209, section 44, at a rate of 16½ cents per square foot for new sidewalks and 10 cents for relaying old sidewalks. Frank Cagnetti presented a bid of 18 cents per square foot for new sidewalk.

ELIGIBLE VOTE IN ENTIRE COUNTY IS NOW NEARLY 34,000

(Continued From Page One)

ward where there is a total registered vote of 1880. In the third district of the fourth ward there are 776, while in the fourth district there are 543.

In the first of the seventh ward there are 415 and in the third, 551.

One of the features of the registration is the large number of women. In three precincts more women than men were registered. They were the first precinct of the second ward fifth precinct of the second ward and sixth precinct of the second ward.

In the second of the seventh ward and the first and second of the eighth ward there was a preponderance of men over women. In the second precinct of the eighth there were only 52 women compared to 216 men.

Problem is Discussed.

While no action has been taken by the county commissioners as to what is to be done toward handling the vote in the overcrowded precincts the matter was discussed informally with their attorney, John P. Lockhart, this morning. It was agreed that it would be impossible to divide the fourth district of the second ward and others where there is a heavy registration between now and election time, as there are certain legal requirements before a ward can be divided.

In the fourth of the second ward the commissioners were of the opinion that the ballot box will not hold the ballots. The ballots to be voted at the November election are the largest ever handled here, and will be quite bulky even when folded. One of the commissioners suggested knocking the bottom out and and adding to the size of the box. Another thought that two boxes might be provided. A suggestion was also made that when the box is full the election board take out the ballots and tie them in a bundle. It was not clear whether or not they would have the right to do this. It was also suggested that there will be another election board appoint and have a separate room. It is not believed, however, that this can be done.

All the commissioners agreed that it is going to be a big job to take care of the ballots in the crowded districts. It was the consensus of opinion that the voters themselves can help out greatly by starting to vote early in the morning and keeping it up regularly all day. Only in this way can the vote be handled. If there are few voters in a precinct in the forenoon and a great rush in the afternoon, it will probably mean that the boards will be swamped.

Indicates Record Vote.

The fact that so many have come out for a personal registration indicates the great interets that is being taken in the coming election. It often happens that many who are registered do not vote, but with a president to elect it is believed that there will be as nearly a full vote as it is possible to get out.

The immense size of the ballots is due largely to the fact that there are long lists of presidential electors, and also that there are a number of proposed constitutional amendments to be voted upon. These amendments all have to be printed on the ballots and will take up room. Meanwhile the county commissioners will try to figure out some way for the boards in the crowded district to handle the votes.

The total registration as given above includes all parties, but there is only a small contingent of Democrats and a smaller still of Socialists and Prohibitionists. The books show the number of each party, their color and nationality, also whether or not they are native born or naturalized.

Vandals Stealing Plates From Cars

Deputy Sheriff Among Those Who Have Lost Presidential Nominee Plates

Deputy Sheriff William Reynolds reports that many complaints have been received at the sheriff's office of vandals who are stealing plates containing names of presidential nominees from automobiles. Particular reference is made to the small tin plates, which are attached to some part of a car like an automobile license. Deputy Sheriff Reynolds has lost two plates from his car. One of the plates was torn off while the car was standing in front of his home. Numerous other citizens have had their plates stolen. It is believed that there is a gang at work destroying plates. Officials are keeping a sharp lookout and ask that citizens co-operate in bringing the vandals to justice. It is just as much of a crime to steal plates attached to a car as it is a part of the car.

Red Cross Board Meets Wednesday

Walter Davidson, Assistant Manager Of Eastern Area, Will Attend Meeting

Owing to word received here by Red Cross authorities that Walter Davidson, assistant manager of the eastern area of the American Red Cross, is coming to New Castle this Wednesday, Pat J. Dempsey, executive secretary of the Lawrence county chapter, has called off the scheduled meeting of the board members which was to have been held tonight.

The postponed session will be held at Red Cross headquarters in the Temple building on Wednesday evening, October 10, at 7:30 o'clock, and Mr. Davidson will be in attendance. He will confer with the local board concerning the Community Chest, hurricane relief fund drive, roll call and other matters.

During the world war, Mr. Davidson had charge of the organization's central division, but after that was not with them for some time. It was just recently that he re-joined the staff in his present assignment.

WOMAN IS INJURED IN AUTO ACCIDENT

Norman F. Daniels, 1017 Huey avenue, reported to the police Sunday that he was driving east on West Madison avenue at North Liberty street when he stopped for the red light. As he got it he made a left turn onto Liberty street and a car bearing Pennsylvania license 370-863 going south on Liberty street, hit his machine. Both cars were damaged and Mrs. Ebbie Shindle aged 73 of 132 Hillcrest avenue, who was in the Daniels car, was injured.

An Aural Expert, from the staff of Dr. Hugo Lieber will be at— CASTLETON HOTEL Wed. and Thurs., Oct. 10 and 11

FREE CONSULTATION

Now, for the first time, you may have the same remarkable help that leading scientists, doctors and ear specialists of both Europe and America have pronounced the nearest possible approach to restored hearing.

Dr. Lieber offers you, through his staff representative, the discovery of the eminent German Scientists, Doctors K. W. Hausser and Helmut Sell.

This new discovery enables even the severely deaf to hear both near and distant sounds in full volume, and with natural undistorted purity of tone.

No appointment is necessary. Just come to the hotel any time between 9:00 and 6:00 P. M. Consultation is private. Remember, there is absolutely no fee or obligation whatever.

Many Seek Altar At Tabernacle

Inspiring Meeting Conducted By Evangelist Erickson Sunday Evening

CROWD OF 2,000 AT ROUSING SERVICE

With the huge wooden tabernacle filled almost to the last seat, and a powerful sermon featuring the evening service, the revival now being held in Everybody's Tabernacle at the corner of Mill and Friendship streets went into the third week on Sunday evening, October 7.

There was a ferver and an enthusiasm about the congregational singing Sunday evening that has been on the increase each night. The choir loft was filled and the crowd seemed to vie with the cnoir in pouring out a great volume of musical praise.

The music was inspiring and this perhaps more than anything else brings back the Billy Sunday meeting spirit.

Many Seek Altar

At the close of the service Evangelist C. H. Erickson asked for those who wished prayed for. Many raised their hands and the evangelist then asked them to come down to the altar, which they did. Volunteer workers pleaded with others to accept Christ and their work had a very apparent effect.

The subject of the sermon Sunday evening was "The Greatest Thing in the World." This, Evangelist Erickson declared was Eternal Life and in his discourse he drew a comparison with the life of those who live without Christ and the hope of eternal salvation for those who accept him.

"It is one thing that is absolutely free" said Erickson. "It can neither be bought or sold. It must be asked for but there is no price upon it. But in return we must render service to God."

Quintet Sings

The Alliance Quintet was in rare form Sunday evening and their work brought a rousing response from the immense crowd which numbered somewhere between 2000 and 2500. The quintet sang a number of encores and aided much in starting the wave of enthusiasm that was reflected in the mass singing.

There will be no service Monday evening, but Tuesday evening the meetings will be resumed with a sermon upon Divine Healing. The number of converts who kneel at the altar is increasing and if the meetings continue for several more weeks the results are bound to be most gratifying.

Slogan Contest Closes Wednesday

Winner Will Be Announced A Few Days After Contest Closes, States Peairs

Within the next few days, the New Castle Community Chest will have a slogan, for the contest, sponsored by the Chest, will come to a close Wednesday afternoon at 5 o'clock, announces Herbert Peairs, director of this year's campaign.

A day or two after the contest, the winner will be announced. Should anyone have slogans which they wish to submit, they should bring them to Community Chest headquarters, on the third floor of the Greer building, as soon as possible, for this will be the last notice given to the contest.

Rally Day Observed Sunday In Seventh Ward Churches

Large Attendance Present At Special Rally Day Services

Rally Day was observed Sunday in the Mahoning M. E. church, Mahoning Presbyterian church and Madison Avenue Christian church in the ward. In the Mahoning M. E. church and Mahoning Presbyterian church it was also promotion day and special programs were carried out.

In the Mahoning Presbyterian church the Rally and promotion day exercises were presented in the church auditorium beginning at 10:30. Scholars in the Beginners, Primary, Junior and Intermediate departments taking part in the program. Classes promoted from one department to another were given diplomas. A class of eleven promoted from the primary department to the junior department said the ten commandments and were awarded with Bibles and diplomas. Each year the members of the class promoted from the primary department who have learned the ten commandments is given a Bible. The program was in charge of Mrs. F. W. Hayes.

The promotion day exercises in the Mahoning M. E. church took place during the church hour Sunday morning. The program was presented by the Junior and Beginners' department in charge of the superintendents, Mrs. Myrtle Miller and Mrs. W. H. Hauermann. Diplomas were given to persons being promoted from one department to another. Also twenty-five perfect attendance certificates were given to persons who had not missed a Sunday at Sabbath school during the entire year.

In the Madison Avenue Christian church it was just Rally Day. Promotion day having taken place on the last Sunday of September. There was special music and recitations and a Rally Day sermon preached by the pastor, Rev. W. W. Sniff.

One-Day Convention Of Five Counties At Central Church

Board Of Education And State Missions Give Interesting Program Today

The sixth annual series of the one-day convention of the Disciples of Christ opened today in Central Christion church of this city with about 10 delegates representing Christian churches of the counties of Lawrence, Venango, Beaver, Crawford and Mercer counties.

The convention opened this morning at 10 o'clock with a service leading in high levels of spiritual power.

An attractive and instructive program given under the auspices of the board of education and state missions of the denomination was carried out.

One of the outstanding speakers of the day was Miss Daisy June Trout, head of the missionary organizations of the United Christian Missionary society at Indianapolis, Ind.

Other speakers were Dr. Elliott I. Osgood a returned missionary who for nearly 30 years practiced medicine at Chuchow, China and M. H. Duncan returned missionary from Thebet whose missionary experience is unparalled.

The afternoon session was opened at 1 o'clock with simultaneous conferences held by the missionary organizations and religious educational workers.

The final sesison will be a general banquet at 6:30 this evening with the program being given around the tables featured by songs and fellowship and missionary addresses.

Vacationists Visit Grand Island Friend

Scott Paisley And William Bigley Stop On Trip To Los Angeles

Scott Paisley and William I. Bigley, New Castle citizens who now are on their way to Los Angeles, California, on an auto vacation tour, stopped at Grand Island, Nebraska, to visit friends, according to the Grand Island Daily Independent.

Mr. Bigley visited with W. E. Buechler of Grand Island, who was a fellow soldier during the war. After the visit they proceeded to Los Angeles.

Secretary.

Our friendly little plot
brought happiness to Irene

IRENE was one of the most attractive girls in our crowd. Yet one grave fault kept her unpopular.

Ellen and I longed to help her. But it was such a personal matter . . . .

Finally we devised a little plot. Pretending to discuss a girl she had met at a recent party, Ellen said—

". . . and she might have been the hit of the party! But 'B. O.'—you know, *body odor* —is unpardonable . . . ."

Irene glanced up sharply. A flash of understanding crossed her features . . . .

Our friendly little plot worked wonders. Today Irene is happy, popular. She has hosts of friends. And all because she found an easy way to get rid of "B. O." Irene tells her own interesting story below. Read it.

"B. O." unpardonable—end it!

"Like lots of other people, I, too, was fooled by body odor. I thought I was safe *when I wasn't.* I didn't realize that our pores give off as much as a quart of odor-causing waste a day even in cool weather; or that this odor becomes so familiar to us that we can't tell when we offend.

"Then I discovered Lifebuoy—now I'm never afraid of 'B. O.' With its antiseptic lather, Lifebuoy deodorizes pores. After a Lifebuoy bath one actually does feel cleaner, fresher.

Healthier complexions, too

"Lifebuoy is so soothing and mild, it agrees splendidly with my skin. Keeps it clear and smooth.

"And it gives such wonderful lather and gets rid of germs, too. No wonder the whole family are Lifebuoy fans. Its pleasant and clean scent vanishes as soon as you rinse."

Use Lifebuoy a week and you'll use it for life. Get some today.

ASTOUNDING CASE OF QUICK RELIEF THROUGH KONJOLA

Stomach Miseries Of Long Standing Conquered By Merits Of Master Medicine.

MR. G. W. ZAHNISER
Photo by Seavy's Studio, East Washington Street

Konjola has already been a blessing to hundreds of people in New Castle and nearby towns. It has made men and women in all walks of life happy with the knowledge that life for them will no longer be one gloomy day after the other, suffering miseries, but has given them the joy of living by banishing the common ailments of the stomach, liver, kidneys and bowels.

One report after the other is being received by the Konjola Man at the Love and Mcgown Drug Store, 204 East Washington street, this city, from sufferers who have already been relieved of their health troubles. For instance Mr. G. W. Zahniser, 914 West Washington street, this city, made the following statement.

"What a wonderful thing it is to be relieved of pains and suffering which one has had for a long time. That is just why I am indorsing Konjola—because it has restored my health", said Mr. Zahniser.

"For quite a long time my stomach had been in an extremely disordered condition. It was impossible to eat a meal without suffering miseries immediately afterward. Food soured and fermented gasses which brought on severe stomach pains in the pit of my stomach. I was subject to such dizzy spells that it was impossible to stand up and many times I have fallen to the floor. Hot and cold flashes came over me all the time. My kidneys were so irregular that my rest was disturbed at all hours of the night. I was forced to rise as often as seven times a night. I got up feeling tired and too worn-out to do my work.

"Konjola was so highly recommended that I decided to give it a trial and what a lucky day it was for me when I first started on the treatment. Right from that time on I began to improve and today there is not a single trace of one of the former troubles left in my system. Konjola regulated the stomach organs so that they act in a natural manner on the food I eat. I never fear any ill after effects such as I formerly suffered. The dizzy spells vanished soon after I started on the treatment and they have never returned. Konjola also strengthened my kidneys so that I can sleep through the entire night without rising a single time and when I get up the next morning I am filled with new life, energy and glorious health. In every way I have been benefited as I shall always praise Konjola as the only medicine that helped me."

Konjola contains the juices from twenty-two roots and herbs combined with other recognized medical ingredients. It works as Nature intends—restoring a more, normal healthy action to the important functionary organs of the body. In the majority of cases the former sufferer reports permanent and sure relief from his or her trouble.

Hoover Wishes 18th Amendment To Be Success

"I Wish It To Succeed", Says Nominee In Elizabethton Speech

OVER 50,000 GATHER TO HEAR REPUBLICAN

Declares Against Immigration Increase And Pledges Aid To Farmers

By WILLIAM K. HUTCHINSON

ELIZABETHTON, Tenn., Oct. 8.—Invading the Happy valley of Tennessee, rich in historic traditions, Herbert Hoover on Saturday made his major bid for southern electoral votes with a speech covering every issue of the Presidential campaign.

Speaking in a natural amphitheater on the site of the first free government in America, Hoover reaffirmed his pledge of governmental aid to stabilize agriculture, declared strongly against any increase in immigration quotas, urged a "strengthening" of the protective tariff, protested against governmental competition or interference with private business and came out dryer than ever on the prohibition issue.

Hopes for Prohibition Success

In fact, Hoover cleared away all doubt as to his stand on prohibition. In five words he burned every wet bridge behind him, whereas in his acceptance speech he merely declared against "repeal" of the 18th amendment. Today he added: "I wish it to succeed." This was the high spot of his speech.

The Republican nominee spoke to 50,000 persons, gathered from every corner of the South. He met them in the "cradle of free government", as the first constitutional government in the western hemisphere was organized in 1772 in this Happy valley. Much of his speech was devoted to southern problems and his perioration in this respect was a direct appeal to the South to lay aside its partisan barriers, which have kept it Democratic since the Civil War.

The nominee described conditions as he found them throughout the nation. He cited the problems and then he announced his stand on campaign issues as follows:

TARIFF—"I advocate strengthening of the protective tariff—not as an abstract economic theory, but as a practical and definite policy of protecting the standards of living of the American family—I wish to see complete protection for the farmer of our home market. It is vital to the South as well as to other parts of the country."

FARMERS—"We stand specifically pledged to create a federal farm board of men sympathetic with the problem, to be clothed with powers and resources with which not only to further aid farmers co-operatives—but in particular to build up with initial advances from the government farmer-owned and farmer-controlled stabilization corporations which will protect the farmer from depressions and the demoralization of summer and periodic surplusses.

PROHIBTION—"The purpose of the 18th amendment is to protect the American home. A sacred obligation is imposed on the President to secure its honest enforcement and to eliminate the abuses which have grown up around it; I wish it to succeed."

IMMIGRATION—"I do not favor any increase in immigration. Restriction protects the American home from widespread unemployment at the same time we must humanize the laws, but only within the present quotas.

ECONOMY—"We must inexorably pursue the present policies of economy in government, for through every tax reduction we leave more income in every home.

FOREIGN AFFAIRS—"Our foreign policies must ever be directed to the cause of peace that we never again need sacrifice our sons on the field of battle.

GOOD ROADS—"I believe in continued development of good roads. They bring the farmers' produce to market more cheaply and by them we gain in neighborly contacts and uplift of spirit.

WATERWAYS—"I advocate the enlarged and vigorous development of our waterways because they tend to diversify industry, they cheapen the transportation of farm produce and they bring larger returns to the farm home.

FLOOD CONTROL—"I rejoice at the enactment of legislation authorizing the construction of flood control works of the Mississippi and other rivers, for they give protection to thousands of homes and open the opportunity for new homes. We should complete these works with the utmost energy.

FOREIGN TRADE—"Because three million of our homes obtain their support from manufacture of articles which we import and export, we must continue to promote and defend our foreign trade.

MERCHANT MARINE—"We must assure a sound merchant marine to safeguard our overseas trade against foreign discrimination.

BUSINESS WASTE—"It is vital that the government continue its efforts to aid in the elimination of waste in production and distribution, through scientific research and by direct co-operation with business.

NATIONAL DEFENSE—"We must maintain our navy and our army in such fashion that we shall have complete defense of our homes from even the fear of foreign invasion.

WAR VETERANS—"To our veterans who gave freely of their all in times of danger we must continue to be not only just, but generous in enacting and interpreting the laws for their relief.

JUSTICE—"To protect our people from violence at home we must revise our court procedure to produce swifter and surer justice and we should begin with the federal government.

CIVIL SERVICE—"I believe in the merit system of the civil service and I believe further that appointive offices must be filled by those who deserve the confidence and respect of the communities they serve.

SCHOOLS—"It is absolutely essential to the moral development and the enlarged opportunity of the boys and girls in every home that we increasingly strengthen our public school system and our institutions of higher learning.

LEGISLATION—"All legislation, all administrative action, must stand the supreme test that it provide equal opportunity for all our citizens, not for any special group.

GOVERNMENT IN BUSINESS—"I do not favor any general extension of the federal government into the operation of business in competition with its citizens. It is not the system of Lincoln or Roosevelt. It is not the American system."

Couple Helped By Celebrated New Medicine

Wife Claims Ten Herbs Is Wonderful, After It Relieved Health Troubles.

"I feel a hundred per cent. better in every way since taking Ten Herbs", was the recent statement of Mrs. Anna Jeffries, 1844 Fifth Ave., Pittsburgh, Pa., according to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street,

MRS. ANNA JEFFRIES

New Castle, where he is daily demonstrating this popular medicine. "My husband claims that your medicine relieved his terrible rheumatism and made him feel a great deal better in general," continued Mrs. Jeffries, whose husband is an iron-worker.

"My worst trouble was nervous indigestion. I always felt sick at my stomach in the morning and never could eat any breakfast. I was troubled with sourness during the day, because of food not digesting properly. Terrible sick headaches came on me, and I would get so dizzy that I feared I would fall. I had blurring of the eyes and everything would turn black in front of me. Constipation made it necessary for me to take physics often.

"I first learned about Ten Herbs in the newspapers. My husband and I started using your medicine and it was not long until we were both feeling better. His rheumatic pains are now entirely gone. My condition has been improved so much that I am able to eat a hearty breakfast. I have been entirely relieved of nervous indigestion. Headaches, dizzy spells, and blurring of the eyes no longer trouble me, and I do not have to use physics any more. Ten Herbs surely is a wonderful medicine, and we both gladly recommend it to the public."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington street, New Castle, where he is daily meeting the public and explaining the merits of this medicine.

Steubenville Bank Is Closed By State

"Frozen Assets" Is Asserted To Be Cause Of Bank's Closing

(International News Service)

STEUBENVILLE, O., Oct. 8.—The Morelli state bank, conducted here by Vincent Morelli of Pittsburgh for 15 years, was closed Saturday by the Ohio State Banking department which announced that the institution is retiring from the financial field. W. S. Skehan, bank examiner, said "frozen assets' caused the failure.

R. B. Cohen, attorney for Morelli, said that depositors and creditors would be paid in full, the banker having turned over personal property to cover all claims. Creditors claims it was said amount to $87,000 and notes to the amount of $50,000.

Can Send Telegrams To German Zeppelin

Western Union Plans "Ship To Shore" Service With Aircraft

(International News Service)

NEW YORK, Oct. 8.—The Western Union announces it will accept messages to the German Airship Graf Zeppelin on its maiden flight to this country, to be undertaken early next week. This is the first time in history where messages may be sent from telegraph stations ashore to a dirigible at sea.

Messages to the German airship may be filed at any of the 25,000 offices of the Western Union. The Graf Zeppelin will also accept regular paid triffic to this country and will send press matter to Berlin via United States Costal stations.

Peace will never come to the world so long as husbands bring friends home to lunch without giving wives at least an hour to get their rouge on straight.—The Arkansas Democrat.

End Indigestion Instantly

Most indigestion is caused by "too much acid" in the stomach. Food sours, gas forms and causes pain and bloating. The stomach needs an alkaline to neutralize this acid, sweeten the stomach and permit normal painless digestion. Bisurated Magnesia—tablets or powder—is the ideal alkaline treatment for acid dyspepsia or indigestion, because it does these things safely, speedily and surely. Thousands daily take a little after every meal, and no longer have a sign of stomach trouble. It will do the same for you or money back. McKee's Kut Rate Store, Eckerd's of New Castle, Inc. and druggists everywhere sell Bisurated Magnesia with this guarantee.

Four Year Old Lad Is Injured

Struck By Auto On North Liberty Street—Other Auto Mishaps Reported

Christopher Davis, aged 4, of 1202 Scioto street, is in the New Castle hospital suffering from possible serious injuries sustained Saturday evening, when struck on Long avenue by the automobile of E. M. Jones of 524 North Liberty street.

The automobile, according to the report made to the police, was being driven east on West Long avenue, between Moravia and Scioto streets, when the little boy ran from the south curb in front of a machine parked there and ran into the right rear fender of the Jones car and was knocked to the ground.

The boy's father witnessed the accident as did a number of others and a man with the father picked up the little boy, who was injured on the head. The boy was taken to the hospital, where owing to the nature of the injury it was thought best to keep him for a time, in order to determine the full nature of his injuries.

George Hill of Morehead street, reported Saturday that he was going north on South Mill street in front of McCrory's five and ten cent store, when a boy, whose name was not secured, ran out in front of his car, which struck him but did not knock him to the ground. The boy stated that he was not hurt, then ran away before his name could be secured.

Walter Curry, 927 Beckford street, reported Saturday that he was driving west on East Long avenue at School street when a car bearing Pennsylvania license 421-410 going east on Long avenue, started to make a left hand turn into School street. This machine stopped dead in the middle of the street and Mr. Curry was unable to avoid striking it. Some damage was done.

Francis Shoaf, 817 Etna street, reported Saturday that he had his machine parked on North Crawford avenue, facing east, and was pulling out into traffic when a car bearing Pennsylvania license B70-313 going west on Croton avenue hit and damaged his machine. The driver of this machine did not stop to determine the damage done. The accident occurred across the street from the New Castle Dry Goods company building.

Picking Presidents

1844: The First of the Dark Horses

By CHARLES L. MULLIGAN

Written for Central Press and New Castle News

Neither a Whig nor a Jacksonian Democrat, President Tyler had hard sledding in the presidency. He had been the first of the vice presidents to step into the White House at the death of his chief; since him the proportion of accidental presidents has been better than one in every four. But Tyler fell foul of party politics and was denied a renomination, and although a convention of federal office holders did put him in nomination, he dropped out before election day.

The Democrats met at Baltimore and nominated James K. Polk on the ninth ballot. He was the first of the dark horses. But he was not by any means an unknown; in fact, no unknown ever was nominated for the presidency. Polk had been speaker of the house and governor of Tennessee. He had the high approval of Jackson, then living in retirement at The Hermitage, and he proposed to annex Texas, which meant war with Mexico.

The Whigs, also in convention at Baltimore, the favorite stamping ground of both parties, again put forward Henry Clay. Birney was once more nominated by the Abolitionists. They cut into the Clay vote in the north, and the further destructive cry was raised that the great Kentuckian's running mate, Theodore Frelinghuysen, one of a famous New Jersey family, was an anti-Catholic.

So Henry Clay was doomed once more to defeat, and amid cries of "Who is Polk?" the dark horse romped in a winner. The electoral vote:

James K. Polk, Tennessee, for president, and George M. Dallas, Pennsylvania, for vice president, Democrats, 170. Henry Clay, Kentucky, and Theodore Frelinghuysen, New Jersey, Whigs, 105.

Excluding South Carolina, where the legislature named the electors, the popular vote stood:

Polk and Dallas, 1,337,243; Clay and Frelinghuysen, 1,299,068; Birney and Morris, 65,608.

It was a history-making election, for the war with Mexico that resulted added a large domain to the union and raised up a new crop of political and military heroes.

(This is the fifteenth of a series of 35 digests of presidential campaigns. The sixteenth will be: "1848: Weak Days for the Presidency.")

Pupils Save $1,100 During September

Report Is Made Of Standing Of Schools In Thrift System For Month

Although the thrift system in the New Castle Schools did not start in full force until October 2, at which time the pupils are checked over as to whether or not they have saved, nevertheless, during the month of September the pupils of the New Castle schools saved in pennies, nickles, dimes and quarters, over $1100.00.

The George Washington Junior High school has just received their new machines for their new building and they start saving next Monday. New machines have been purchased for the Senior High school and these will be installed sometime during this month.

The following are the schools in the order of the amount they saved during September. Starting with October the average amount saved per pupil will be given monthly, but since the system was not in full operation during September, it will not be given for this period.

Highland Avenue school, $121.04; West Side school, $117.59; Union Township school, $102.21; Lincoln & Garfield school, $101.12; Shenango Township Consolidated school, $92.50; Mahoning school, $89.38; Arthur McGill school, $79.50; Thaddeus Stevens school, $62.69; Pollock Avenue school $59.05; North Street school $46.95; Benjamin Franklin Junior High school, $41.92; Oak Street school, $36.66; Croton Avenue school $26.43; Aiken school, $26.15; Terrace Avenue school $25.11; Lawrence school, $22.95.

Boy Seeks Revenge For Ivy Torture

Was Rolled In Poison Ivy By Schoolmates; Wants Retaliation

(International News Service)

NEW YORK, Oct. 8.—Save for the personal craving for revenge that still lurks within the bosom of 14-year-old Charlie Wright the Amityville high school "poison ivy torture" case was in a fair way to be cleared up today.

Charlie who was taken to a cemetery by five of his school mates and rolled in poison ivy, is determined upon retaliation. "I'll get even with 'em" he said today. The five boys who tortured Charlie because they said he had insulted a girl in his class will be returned to school following their suspension. Two of the boys, Frank Burch and Richard Stanton fled to Wilmington, Del., but are being returned to their homes.

No matter who gets the colored vote in the South, there will be very little change in clothes-washing circles.

Farm Tourists To Make 3 Stops In This County

Potatoes, Fruit And Eggs Will Be Graded By Experts During Tour

A grading tour of potatoes, fruit and eggs for Lawrence county has been announced by the Pennsylvania State College cooperating with the Chamber of Commerce in Pittsburgh for this district and the local Chamber of Commerce, according to the announcement from the office of county agent, Harold McCulloch.

The tour will cover six counties in all.

In Lawrence county there will be three stops on October 11. At 10 o'clock in the forenoon, at the farm of G. F. Friday on the New Castle-Ellwood road, the grading tour will make the first stop; at 2 p. m. they will halt at Rankin Johnston's on the New Wilmington road and at 8 in the evening, the tour will go to the farm of David Byler in North Beaver township.

Nicholas Schmitz in charge of agronomy extension at Penn State college will grade potatoes; H. H. Kaufman, extension poultryman will grade eggs while J. L. McCartney, fruit extension specialist will grade apples. All of these men are experts from Penn State college and have been procured to do the work by the Chamber of Commerce in Pittsburgh.

A commission man from Pittsburgh will accompany the specialists to show how grading aids in meeting market demands. In each county and town, county agents and Chamber of Commerce officials are cooperating with the movement which will not only be an aid to the farmer in preparing and knowing the classification of his product, but it will undoubtedly place a better grade of produce on the market for the consumer.

Aged Resident Dies At New Wilmington

Mrs. A. J. McNabb Passes Away —Lived In College Town For 35 Years

(Special To The News)

NEW WILMINGTON, Oct. 8.—One of the oldest and best loved residents of New Wilmington, Mrs. A. J. McNabb passed away here Saturday afternoon at 4:30 o'clock. Mrs. McNabb died at her home 135 Waugh avenue, after a collapse and short illness of 36 hours.

She was born in Poland township near Youngstown, on July 27, 1839, and after marrying A. J. McNabb came to reside in New Wilmington. She was a resident of this village for 35 years. Mrs. McNabb outlived her husband and four children. The children were an infant son, Preston James McNabb, Sadie Eva McNabb, and Vesta Iva McNabb. Her husband Allan J. McNabb died in New Wilmington November 12, 1907. Nephews and nieces survive in the family, some living near Youngstown and others in the west.

The funeral services will be held in the Waugh avenue residence this afternoon at 2 o'clock. The Rev. Ralph J. Neale, her pastor, will conduct the services and the interment will be at Fair Oaks cemetery where other dear ones of Mrs. McNabb are buried.

Since her arrival in the college town Mrs. McNabb was a member of the local Second United Presbyterian church and she was always active in church activities. Modest comment would say that she was well-known and well-liked through the length and breadth of the town in which she spent the latter part of her life.

Joint Workhouse Is Proposed For Nearby Counties

Lawrence, Butler And Beaver Should Have One Workhouse, Says Sheriff

A joint work house for Lawrence, Butler and Beaver counties was proposed by Sheriff William V. Kennedy of Beaver county, when he spoke before the Ambridge Board of Trade recently.

The sheriff stated that within his experience the average prisoner preferred two years in a penitentiary to six months in the work house. He said that all workhouse prisoners were now committed to the Allegheny county workhouse, where they were kept at the expense of Beaver county.

"In addition," he continued, "the county often has to keep the prisoner's family while he is serving his term, and receives no remuneration for the services which the prisoner gives."

If the workhouse plan be carried to a conclusion, the sheriff believes that it would not only prove a deterrent to crime, but could be maintained at less expense than it is now consting the three counties to commit prisoners to Allegheny county.

Sixty Going To Convention

Lawrence County Sending Large Delegation To State S. S. Gathering

STARTS WEDNESDAY IN PHILADELPHIA

At the present time 59 delegates have secured credentials from Lawrence county to attend the 66th annual convention of the Pennsylvania State Sabbath School association which convenes in Philadelphia Wednesday and lasts to and including Friday. The quota set for Lawrence county was 75 and it is hoped that today and tomorrow enough applications will be received for credentials which will make the county one hundred percent. This would be a nice recognition to the state president, Percy L. Craig who is extremely anxious that this year's convention will even exceed in size and inspiration the splendid one held in New Castle last year.

A number of delegates from this county including the state president will drive through to Philadelphia and if the weather continues being agreeable this would be a pleasant way to make the trip as this is a beautiful season of the year.

The program that has been provided for this year is an especially strong and inspirational one. Speakers and Sabbath school leaders known in religious circles all over the country and the world will participate and inspiration and instruction will be imparted that will make the Sabbath schools of the state for the coming year bigger and brighter.

Wednesday morning's program which will be given in the 108th Field Artillery armory consists of the convention sermon by Dr. Robert E. Speer. In the afternoon in addition to the five simultaneous conferences there will be a general session at the 108th Field Artillery armory at 1:45 at which time Dr. Walter S. Athearn will speak on "Leadership Training."

Tiger Club Attends Party For Member

Is Given In Honor Of David DeFiore, A recent Bridegroom

All the members of the Tigers club attended a party Saturday evening, which was given at the home of Mr. and Mrs. Cleomeo DeFiore, in honor of the marriage of their son, David DeFiore to Miss Arecillia Massaro.

Vitus Conti presented the newlyweds with a present given by the members of the club. A fine program was carried out as part of the evening's entertainment with Steve Griffith and W. N. Chill at the piano. Songs were sung by Vitus Conti, and E Strizzi was heard in several operatic numbers.

H. E. Ross, the Tiger's "boneless" dancer, did several numbers which were roundly applauded. Carl Celella, E. Pauls, and H. E. Ross, with the Tiger's Quartet, composed of L. DeLillo, F. Colo, H. E. Ross and W. N. Chill, also sang.

The club was presented with a picture of a tiger, painted by Miss Margaret Bucci, an artist from Hoboken, N. J., which was appreciated by the members.

Mr. and Mrs. David Massaro of Youngstown were the honor guests. Lunch was served by Miss Erminia DeFiore, assisted by Mrs. Leopold DeFiore, Miss Lena Perrino and Mrs. Nick DeFiore.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

It begins to appear that the squirrels are reading this colyum. And never mind that dirty crack, Egbert, about it being nutty enough even for squirrels. One of the county commissioners, P. O. Elder (the P. stands for Phillip), is the authority for the statement that after the recent paragraph about playing on the court house lawn, a family of squirrels moved.

For a long time the family has lived in one of the trees on the court house lawn. Protected by the law, and paying no rent, all the squirrels had to do was get their food and they were set. But the day after the paragraph appeared, Elder claims that a mother squirred moved her brood next door to a tree on the Boyles place.

Carrying each one by the nap of the neck, Ma Squirred made several trips across the lawn and finally had the family in the new apartment. Commissioner Elder claims that the ban against playing on the court house lawn doesn't apply to squirrels.

I wonder who the oldest choir singer in the city is. That is, not from point of years but from point of service. The First Baptist church seems to have a candidate for such honors in the person of George Jones. For the past 42 years Mr. Jones has been a member of the First Baptist choir and is still going strong.

Now that's a long time to sing in any choir. In fact it's a long time to even have a singing voice. But somewhere in the county there may be some singer who has an even better record. I was just wondering.

Mr. Jones has had one advantage that other singers may have missed. Being a railroad engineer he has been able to practice as loud as he wished without having anyone but the fireman to complain about the noise. And for competition there was the engine whistle.

The tomato season now being over, Fred Llewellyn can get some rest and sleep. The tomatoes on his ranch out in Scott township grew so fast that the noise kept him awake at nights, and they were so large that it only took four to make a dozen. One tomato was enough for a family of six to enjoy a dinner, and three of them looked like a wholesale consignment. Fred modestly claims that he had the best tomatoes in the county.

If you are interested in Westminster's football team, you no doubt felt that the boys played considerable ball on Saturday, but as pleased as you may have been, you were still a block or two back of Jack Hulme. Jack is the trainer for the football team up there and what he doesn't know about hardening lads is very little. He learned it down on the south side when every boy was a potential lightweight champion and wanted to prove it. After perfecting himself Jack moved to the city of New Wilmington, the center of erudition for this county, and since then has all the polish of a professor of Greek.

But when Jack was a youngster it was different. In those days on the south side a lad was either a good fighter or a fast runner. The ones outside that class persuaded their dads to move.

A few more years and Jack will probably get the degree of D. N., which translated means Doctor of Natation. He is the swimming instructor for the college as well as the trainer of the football team.

Here in New Castle the football fans are convinced that the government at Washington still lives. Schenley was supposed to be tough, oh yes? Touted as a hurricane, they were nothing more than a gentle breeze.

Lots o' men 'd leave their footprints
Time's eternal sands t' grace,
If they'd gotten mother's slipper
At th' proper time an' place.

A CLEAR COMPLEXION

Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women for liver and bowel ailments. During these years he gave his patients a substitute for calomel made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—now and then to keep fit. 15c, 30c and 60c.

Ellwood City Man Loses His For Inability To Interpret Traffic Signals

(International News Service)

HARRISBURG Oct. 8.—Revocation of automobile drivers licenses on charges of intoxication again is climbing to record totals according to the list for the past week announced today by the Department of Highways.

Out of 93 revocations announced 52 were on charges of intoxication. They include Frederick Riebel, Bristol; Frank Carolus, Lewistown; Abraham H. Singer, West Chester and Sylvester Bauer, St. Mary's.

Failure to file a report of an accident as required by a new section of the motor code was responsible for the revocation of the license held by J. E. Erwin, Meadville.

New Castle Needs More Male School Teachers To Meet State Average

According to figures compiled by the State Department of Public Instruction in Harrisburg, Pa., 20 per cent of the school teachers in the state are men. If this is true, and it undoubtedly is, coming as it does from the bureau of research and statistics, then New Castle is below the average, for in this city the male teachers constitute but a trifle over 16 per cent. In other words, of the 379 teachers in the New Castle schools 62 are men.

Of this 62 there are six principals and the superintendent. In the Senior High school there are 15 men, in the Franklin Junior High school there are 12 and in the George Washington Junior High school there are nine men. The shop building at Franklin also has nine.

Ratio Decreases

The ratio of men teachers in the schools of the state has steadily decreased since 1890. In that year the men numbered 34 per cent of the teaching force. In 1900 it had dropped to 32 per cent, and 22.5 in 1910. In 1919 the figures showed a sharp drop, due no doubt to the war. In that year there were but 14.2 per cent of the teachers who were men.

Snyder county presents a rather unusual contrast to the other counties of the state. In that county there are more men teaching than women.

In the figures for New Castle the majority of the supervising positions are filled by men. However, in the actual teaching the women far outnumber the men. The 62 men in the system include male teachers, principals, supervisors and shop instructors.

PENNSY SYSTEM TO SPEND MILLIONS

E. And A. Division Head Outlines Improvement Plans For System

The Pennsylvania Railroad System today ased bids for 260,000 tons of steel rails for delivery in 1929, Raymond Swenk, superintendent of the road's Erie & Ashtabula divilson, announced this morning. It was stated that the board of directors of the company has authorized the purchase of this quantity and that tenders are now being requested from various steel companies.

With the exception of the quantity authorized for purchase during the current year, amounting to 300,000 tons, the 1929 figures are the largest in the Pennsylvania railroad's history. At the currently prevailing prices of steel rails, it is expected that the expenditure for the rails themselves will approximate over $11,100,000 and for the attachments, including fastenings, tie plates, bolts and spikes, upward of $6,500,000 more, making the total for both rails and attachments about $17,600,000.

The new rails for delivery in 1929 will be utilized in carrying forward the comprehensive program of renewals and track betterments, particularly the substitution of heavier rail, weighing 130 pounds to the yard, in main runnings tracks. There will also be included the continuance of additional double tracking work and new track construction at various points. As compared with 260,000 tons authorized to be purchased for 1929 and 300,000 tons for 1928 the steel orders of the Pennsylvania railroad in recent years have ranged between 38,000 tons in 1919 and 250,000 tons in 1927, the average for the ten years ending with 1928 being 165,000 tons.

A certain allowance of the new rail will be installed on the Erie & Ashtabula division lines, but is not yet known just what portion of the order will be distributed to the company's local lines.

Six From This City In Throng At Havana, Cuba

Attending Convention Of Spanish War Veterans At Cuban City

Among the thousands of Spanish-American war veterans and their wives and families in Cuba at the present time for the thirtieth annual convention of the United Spanish American War Veterans, are six persons from this city:—Mr. and Mrs. Orville Vanhorn, Mr. and Mrs. Harry Lash and Mr. and Mrs. F. F. Knowles.

Havana, capital of Cuba and convention city, is making the occasion one of great happiness for the visiting 'Americano", who to them is the "Lafayette" of the war that freed them from the rule of Spain and resulted in Cuba becoming an independent nation.

Havana, noted for its festivals, is outdoing itself on this occasion and the ardor of the Latin race is leaving nothing undone to astonish their big American brothers, who freed them thirty years ago and the decorations and effects are second to none, not even the wonderful reception accorded the world war veterans in the Legion convention held at Paris.

Bessemer Gasoline Car Upsets, Four Workmen Injured

Four Bessemer & Lake Erie Railroad Carpenters Hurt In Wreck

(International News Service)

BUTLER, Pa., Oct. 8.—Hurled from a gasoline car on which they were riding to work early today, four Bessemer & Lake Erie Railroads carpenters were seriously injured at McCalmont.

Three of the men, P. E. Nick, Nevin Long and Gus Beck are unconscious in Butler hospital and A. D. Adams is being treated for a broken knee cap. The car on which they were riding left the rails and turned over several times.

Mrs. Fred Wolford Given High Honor

Mr. and Mrs. S. H. Norris of Gardner and Mr. and Mrs. Fred C. Wolford of East North street have returned from a motor trip to Pine Grove, W. Va., where they were the guests of Mrs. Norris' brother, William Rice of that place.

While there Mr. and Mrs. Wolford attended the convention of the Grand chapter of the Order of the Eastern Star held in Charleston, W. Va. While there Mrs. Wolford was accorded special honors as grand representative of the Order of the Eastern Star for the state of West Virginia, which position she will hold for three years.

SEALER RETURNS FROM CONVENTION

Sealer of Weights and Measures W. A. Brown has returned from the convention of the sealers and inspectors of the state, which was held in the city of Wilkes-Barre last week. Mr. Brown is employed jointly by city and county.

Jail Fugitive Still At Liberty

Man Who Escaped From City Lockup Has Not Been Retaken

Patsy Nero, who escaped from the city jail Saturday, was still at large today. As he faces a charge of possessing liquor, his early return to custody is not anticipated. The police have in their possession $160 in cash and a new coupe taken from Nero and will confiscate the same, if he fails to return.

Padlocks in addition to the regular locks of the cell doors will be used in the future, it was announced today at police station.

Lillian Ekblom Defeats Mrs. Stone In Tennis Match

Y. W. Tennis Champion Of Former Tennis Tournaments Is Defeated

Saturday at 1 o'clock, Mrs. Lillian Stone and Miss Lillian Ekblom completed their tennis match. Both girls are good tennis players, so anticipations were keyed high in anxiety to see if Lillian or "Stoney," the champion of former years, would be carried hrough to the semi-finals.

The first set was played last Wednesday, darkness prevented the finishing of the match. The set was good, Stoney's easy to return, underhand serve was counterbalanced by her excellent volleying and placing of return balls. Lillian has a whirlwind serve, which, when landing in the service court is almost impossible to return.

The second set of the match played on Saturday was very calm, with Stoney putting up scarcely any of her former defense. This probably was due in part to Stoney's not being up to par physically.

Score, first set, 7-5, Ekblom.
Second set, 6-3, Ekblom.

The winning of this match brings Lillian quite close to the tennis racquet to be awarded the champion of the tennis tourney. Her next opponent is Miss Myrtle Burnett, whom she will meet Tuesday at 5 o'clock on the Gilfillan court.

Should Be Careful Of Fire Hazards

Fire Chief Issues Annual Fire Prevention Week Statement

"Everyone should cooperate in Fire Prevention week, which starts this morning. And not only should they cooperate with their Fire Department, but in every way they should help to eleminate the causes of fire," declares Fire Chief Charles H. Lynn, in his annual fire prevention message.

"Although we ask people to be particularly careful about fire hazards this week, yet we feel that they should exert the same care at all other times," continues the chief. "There are many hazards, and if the home owner will cooperate, losses will be reduced materially.

"In the first place, people should be careful with electric wiring. Never, under any circumstances, should nails be driven through wires when they are placed around the baseboard of a home. All wiring should be protected: the better protected it is, the smaller the hazard."

Then, again, they should be careful of gas lines, of matches, and of cigars and cigarettes. All of these lead to fires and many are disastrous.

All during this week, states Chief Lynn, slides will be shown in the motion picture theaters of the city, in an effort to get the people to realize the dangers of fire.

TWO VERDICTS FOUND IN CASES AT COURT

Two verdicts were taken in common pleas court by Judges R. L. Hildebrand this morning. In the case of the Victor Baking company against S. J. Benson, a verdict in favor of the plaintiff for $100 was rendered, and in the case of J. Gordon Harris against the same defendant a verdict for $100 was rendered in favor of the plaintiff.

VACANCY IS FILLED ON ELECTION BOARD

Women's Federated Clubs

POLITICAL INFORMATION FOR WOMEN.

Registration is heavy.

Women feel repaid for their efforts at 100 per cent registration. Many women were in the lines that led to the registration booths early in the day. The total women's vote here will exceed by many hundreds any previous vote of the fair sex.

The fourth district of the Second ward has 1,182 citizens registered. No doubt this is the largest registration in any one district in the city. No election board can adequately care for 1,182 voters between the hours of 7 in the morning and 7 in the evening.

Not only the fourth district but the whole of the Second ward should be re-districted before election day in November.

Order Payments On Paving Work

Councilmen met in formal session at the city hall today and ordered two payments made to Woods & Golder.

One, a second payment, amounting to $6,216.74, is for the paving of S. Jefferson street between Long avenue and Reynolds street.

The other payment ordered is the final sum due to the firm for the paving of Sheridan avenue, the sum amounting to $12,055.95.

Fisher To Yield On Bond Issues

Expect Definite Information On Assessments To Come From His Office

MAY BE FRIENDLY TO HIGHWAY ISSUE

By WILLIAM B. BROWN
International News Service Staff Correspondent

HARRISBURG, Oct. 8.—Governor John S. Fisher will yield to requests for definite information bearing on the five proposed bond issues and make it public prior to the election on November 6, it was generally believed here today.

The latest request came from Alba B. Johnson, president of the state Chamber of Commerce. Johnson's letter emphasized the present financial condition of the department of welfare and questioned pointedly the necessity of a $50,000,000 bond issue for new construction. The same conditions, he asserted, apply to the other proposed issues.

The governor several months ago directed the various state departments which would benefit by the proposed bond issues to prepare accurate information which would be available both to opponents and proponents of them.

Has Not Interfered.

Meanwhile, the governor has taken the stand of non-interference, reserving the right to make a statement on any of them if he may deem it necessary.

Those close to the governor have felt that he is not especially friendly to any of the proposed issues unless it would be the $50,000,000 issue for the department of highways. That is the one that apparently has been given special study by the governor.

James L. Stuart, secretary of highways, in a statement issued through the Pennsylvania Good Roads association, came out for the highway issue. Department engineers have been active in arousing sentiment for the issue, but the governor's office has maintained a "hands off" policy.

Believed Unwise.

Early in the summer State Treasurer Samuel S. Lewis and Auditor General Edward Martin in speeches indicated that they believed the bond issues were unwise from a financial standpoint. Lewis has continued to oppose all the bond issues, but Martin in his capacity as state chairman of the Republican party has also adopted a "hands off" policy.

Although the state Chamber of Commerce was said to feel unfriendly to all of the issues, a poll of its members indicated a slight majority for all of them except the $5,000,000 issue for armories.

Opposition Unorganized.

Opposition to the amendments throughout the state, while apparent from time to time, has so far remained mostly unorganized.

Meanwhile, the proponents of several of them have been active in securing favorable publicity and support. Press information bureaus have been organized and speakers are touring the state telling the advantages of putting the commonwealth an additional $138,000,000 in debt.

Golf Course Group Will Meet Tonight

Meeting Will Take Place At 7:30 At Y. M. C. A.; All Should Be Present

A meeting of the New Castle Municipal Golf Course committee, together with those citizens of New Castle who are interested in the project has been called for this evening at 7:30 in the Y. M. C. A. building, it is announced this morning by W. J. Offutt, chairman of the committee.

Progress which is being made at the links on the Ellwood City-New Castle road will be told at this time, and matters of importance will be discussed. It is the especial wish of the chairman that all persons who attended the former meetings be present at tonight's meeting, as well as any others who are interested in the movement. Between 35 and 40 attended the former meetings.

Auto Thieves Were Busy Here Saturday

Chevrolet touring car, 1926 model, Pennsylvania License 456-920 belonging to John Woloszyn of Wampum R. D. No. 1, was stolen Saturday evening between 6:30 and 7 p. m. from South Jefferson street, across from St. Joseph's church, according to the report made to the police.

Joseph Jereb of Bessemer, also reported to the police Saturday evening that his Oldsmobile Sedan, 1926 model, Pennsylvania license 234-973 had been stolen from the vicinity of the Shenango Valley hospital between seven and eight o'clock.

Fat Comes at Forty

Fat Need Not Come

Science has found the reason why people grow fat. That reason lies largely in a defective gland. To some that trouble comes in early years, but to most people after 40.

A certain gland, which largely controls nutrition, becomes weak. Then food, which should go into fuel and energy, deposits itself in fat.

No starvation, no over-work, can rectify that condition. Both are harmful. The right remedy is to activate an under-active gland. Physicians the world over now employ it.

That is the method employed in Marmola prescription tablets. They are based on scientific research on the causes of excess fat. A famous medical laboratory perfected them. People have used them for more than 20 years—millions of boxes of them. You can see the results in every circle—in new youth and beauty, new health and vitality.

Do what your friends are doing. Correct the cause of excess fat. Don't starve, don't over-work. Take four Marmola tablets daily and watch the delightful results. You must correct the cause.

Do this, because this is the scientific way. Results you get without it cannot last. Do it because multitudes of people, all about you, have proved its efficiency. Do it now. Every day of delay means that your life is not being lived at its full.

Marmola prescription tablets are sold by all druggists at $1 per box. If your druggist is out, he will get them at once from his jobber.

Street Car Jumps Track, Nineteen Persons Are Hurt

Philadelphia Trolley Jumps Track, Nineteen Hurt; Two Seriously

(International News Service)

PHILADELPHIA, Oct. 8.—Two of the 19 injured when a one-man trolley ran away down a hill in Frankford are in a serious condition in Frankford hospital today. They are: Joseph Brolski, 28, and Maria Hinchback, 32, both suffering from internal injuries and possible fractures of the skull.

There were 35 passengers in the car when it jumped the tracks and crashed into the curb hurling the riders to the floor and showering them with broken glass.

Playing Field Is Now Wire Enclosed

High Wire Fence Surrounds Playing Field At Stadium —Helps Keep Crowd Back

A high wire fence now encloses the playing field at the Ben Franklin High stadium.

Faculty Manager Ralph H. Gardner only last week supervised the erection of a high wire fence around the playing field. The wire does not stretch in front of the concrete stand. It was deemed adviseable to stretch a wire in front of the wooden bleachers on the western side of the field and also on the two ends.

The local field now vies with that of South High Youngstown for modern improvements. The wire fence keeps the crowd from swarming on the playing field at critical points in the game.

Students Issue Ben Franklin

Junior High School Publication Is Issued—Full Of Interesting Articles

"The Ben Franklin," semi-monthly publication of the students of the Benjamin Franklin Junior High school, made its second appearance of the present school year last week. Under a new arrangement, the paper is published twice each month and makes its appearance for sale on each second and fourth Fridays during the school year.

The latest number is an October special, as is easily determined by the frontispiece, "October" is the subject of the design which bears a distinguished lenoleum outline of trees in autumn.

Newsy items of the school's progress are contained in the issue, with a special feature, entitled "My Thoughts When Practicing on the Piano," by Lucille Turk, student in the 9A1 class. A page is devoted to subjects pertaining to the fall, written by Ben Franklin pupils.

One of the readers suggests that about the best definition one can think of for the word "detour" is the roughest distance between two points—The Des Moines Sunday Register.

The reason more persons don't stay at home is because they don't feel at home there.

ALTOONA STOPS BALL BULLETIN

Police Shut Off Announcer And Chase Crowd On Sunday

ALTOONA, Oct. 8.—Police dusted off the blue laws Sunday and stopped the Altoona "Tribune" from announcing to a crowd of 4,000 in the streets outside its office the play-by-play report of the world series game between the Yankees and Cardinals at St. Louis. Mike McNally, Middle Atlantic league umpire who was announcing, was threatened with arrest.

Six policemen patrolled the street to see that the service was not resumed.

Radio Station WFBG, of which the newspaper is a joint owner, also had its world series broadcasting program cut short at 4 o'clock when ministers of the city insisted on taking the air at that time as has been their Sunday custom since the station was started.

One-Sided Game Saturday Brings Ellwood High's Third Victory

Ellwood Eleven Wins Over Greenville With Score Of 32 To 0

Frequent Fumbles Figure In Keeping Score From Being Larger

ELLWOOD CITY, Oct. 8.—Winning its third straight game, Ellwood City High school easily trampled Greenville High to a 32-0 defeat at the Lincoln field Saturday.

Ellwood outplayed Greenville more than the score indicates by scoring 20 first downs to the vistors' two, one of which was made by a penalty. Although Ellwood's line was impregnable, there was plenty of ragged football.

Frequent fumbles kept the score low.

The game uncovered for Ellwood two new backfield men who could be used nicely as regulars. Gross and Segedi are the finds. Segedi scored two touchdowns, displaying plenty of speed and line-bucking ability. Gross starred as a broken field runner. He scored one touchdown by his clever sidestepping.

King, as usual, was the mainstay of Ellwood's offensive. Slobojan, Turner Smith and Rocco starred for the line. Turner also showed his ability in carrying the ball.

In the first quarter Ellwood scored nine first downs. Griffith received the kick-off on the 30 and returned it to the 40. King stepped out of bounds for a two-yard gain. Segedi ripped through the line for 12 yards. After Fanno lost four around left end King regained it through the line. Fanno's pass to Turner was good for 24 yards and a first down on the Greenville 24-yard line. Lawrence fumbled on the next play and Greenville recovered on the 21. After three plays with no gain Greenville punted out of bounds on their own 29-yard line. King was good for three yards and Lawrence added seven for a first down. Segedi got seven more on the next play, but two tries by King and one by Lawrence failed to get the needed yardage, and Greenville took the ball on the 10-yard line. H. McClure punted to Lawrence on the Ellwood 47 and he returned it to the Greenville 48.

A double pass from King to Turner netted eight yards and King made it a first down by plunging for two yards. Segedi slipped around left end for eight yards and King added three for a first down on the Greenville 27.

A five-yard penalty for the opposite side and a double pass, King to Fanno, made a first down on the 17-yard line. Segedi skirted right end for 11 yards and took it within 11 yards of the goal line on the next play. He took it over by a line buck.

Turner recovered Kitch's fumble on the 40-yard line on the next kick-off. A double pass, King to Turner, added two more and then King reeled off 11 yards for a first down at the 27. Segedi, Turner and King made a first down in three tries on the 17. Lawrence missed a pass after H. McClure and Kitch gained three yards in two plays. Greenville punted to Fanno on the 40. Segedi gained 13 and Lawrence gained eight through the line as the quarter ended.

In the second quarter Ellwood scored two touchdowns. The ball was in play on the 29-yard line. King gained seven yards in two plays and Segedi and Lawrence made it a first down on the 19. King added five and Segedi six for the first down on the eight. King made three more. A double pass, King to Segedi, was good for one and King plunged for three and Segedi took it over from the one-yard line. The try for point was blocked.

Ellwood scored early in the second half. Lawrence received a punt on the 49 and Ellwood was penalized to the 64. King carried the ball five out of six times and it was on the 39-yard line. Greenville was penalized five and the next play, a pass, Fanno to King, netted 18 yards. Fanno and Segedi each gained one. Segedi missed a forward from Fanno, but Fanno threw one to Lawrence for a touchdown on the next play.

The outstanding plays of the fourth quarter were: a nine-yard run by DuMars; an eight-yard run by H. McClure and a 16-yard run by King. Ellwood got a touchdown after Lawrence returned a punt from the 30 to the 10. Segedi was good for two yards. King added five and took it over on the next play.

H. McClure was hurt in the final moments of play. His neck showed a badly wrenched condition. McClure was the best player on the Greenville team.

The line-up:

Ellwood 32		Greenville 0.
Turner	L. E.	Miller
Griffith	L. T.	Hazen
Rocco	L. G.	Thompson
Smith	C.	Gibson
Smilek	R. G.	Osborne
Welsh	R. T.	Haws
Slobojan	R. E.	DuMars
Fanno	Q. B.	R. McClure
Lawrence	L. H.	Marks
Segedi	R. H.	M. McClure
King	F. B.	Kitch

Score by quarters: Ellwood—6-13-6-7. Total 32. Greenville 0.

Touchdowns: Segedi 2, King 1, Lawrence 1 and Gross 1.

Point after touchdown: Fanno 2.

Substitutes for Ellwood: Wehman, Gross, Wisu, Duncan and Freidoff. For Greenville: Boitz, McCurdy, Pressler and Gasnell.

Referee: Fry of Pitt. Umpire: McClure of W. and J. Head linesman: Lewis of Geneva.

Still Growing--Another Haney's

Consistent with a conservative but steady growth, the Haney Furniture Company is pleased to announce the opening of a new store.

Our newest store devoted to the selling of furniture and rugs is located at 345-7 Franklin Ave., Aliquippa, Pa.

Haney's Serve--To Please You

The Haney Furniture Company appreciates your patronage—to please you is our first thought in everything we do, and by your increased patronage you have shown that you believe our policies are right. We believe you agree that we should never sacrifice quality to make a low price, therefore we do not "cheapen" our merchandise to make prices seem low.

We try to sell only the kind of merchandise that give you the best service—that please you best under the test of actual use.

OUR SUCCESS in pleasing you is the result of everlasting watchfulness and hard work. To keep up the quality of our merchandise; to keep down the prices on furniture; to increase your satisfaction and your savings; to sell you only the things that give you good service. We have succeeded in all these things only by everlasting watchfulness and hard work.

The people are the best judge of the integrity of Haney's—public confidence has made our quick strides possible, and we sincerely believe in the people and that this same confidence will be entrusted in our new store.

Non-Residents Can Hunt Within State

Ruling Affects Only Taking Of Deer, Say Game Commissioners

Hunters who do not live in the state of Pennsylvania can hunt anything but deer this season according to word received from the office of the board of game commissioners at Harrisburg today.

For a long time, the statement continues, word has been circulated that no non-resident hunters can hunt in Pennsylvania this year. This rumor has spread doubtless, because the attorney general's statement concerning this year's special deer season, asserting that no non-resident hunter could, during the 1928 season take a deer in Pennsylvania. This ruling does not affect hunters who wish to come to Pennsylvania to hunt game other than deer.

The Story Of Our War With Spain

Spain Yields

THE LOSS OF MONTEJO'S AND CERVERA'S FLEETS AND TORAL'S ARMY AT SANTIAGO WERE CRUSHING BLOWS THAT SHATTERED SPAIN'S HOPE OF VICTORY. JULY 18, THE DAY AFTER TORAL SURRENDERED SANTIAGO, SPAIN ASKED FRANCE TO ACT FOR HER IN NEGOTIATING FOR PEACE.

M. CAMBON, THE FRENCH MINISTER AT WASHINGTON, APPROACHED PRESIDENT McKINLEY UPON THE SUBJECT, AND WAS GIVEN A TENTATIVE STATEMENT OF OUR TERMS. THEN FOLLOWED AN EXCHANGE OF NOTES BETWEEN THE WARRING NATIONS.

AFTER SOME DELAY ON THE PART OF SPAIN, A PROTOCOL, OR PRELIMINARY AGREEMENT, CONTAINING THE TERMS WAS DRAWN UP AND SIGNED IN WASHINGTON ON AUGUST 12, 1898. IT PROVIDED THAT HOSTILITIES WERE TO CEASE IMMEDIATELY.

SPAIN WAS TO WITHDRAW FROM CUBA AT ONCE, ABANDONING ALL CLAIM OF OWNERSHIP AND CONTROL TO THE ISLAND, AND CEDE PORTO RICO AND GUAM TO THE UNITED STATES. THE DISPOSITION OF THE PHILIPPINES WAS TO BE DECIDED WHEN THE PEACE COMMISSIONERS MET IN PARIS.

Cardinals Fighting With Backs To Wall, Need Victory Today

Manager McKechnie To Send Sherdel Back Against Yankee Sluggers

Cardinals Play Poorly In Field; Yanks Show Pep And Dash For Cripples

By DAVIS J. WALSH
Sports Editor International News Service.

ST. LOUIS, Mo., Oct. 8.—This isn't the Roman forum and, if anyone finds Marc Antony haranguing the populace down by the players' entrance, he, of course has the right to insist that the fellow show a permit from the proper authorities. But even if the old gentleman is dispersed in a body this can hardly alter the fact that his original preamble had more than the general merit of a third class idea.

With the fourth, and perhaps final, game of the 1928 world series only hours away this morning, even the die-hards, of this forthright town were almost willing to concede that we came not here to praise the Cardinals, but to bury them.

Cards Play Poorly

That nothing of a praiseworthy nature might be said concerning them except for the downright ingenious manner in which they can lose their ball games, has been satisfactorily arranged by the Cards themselves in the first three games of this series. Perhaps then they can be relied to arrange the details of their own burial.

They can do so in all decency by losing the fourth game of the series to the Yankees in much the same manner that they lost its immediate predecessors. The inevitable ending thus could be achieved in a minimum of effort, giving all concerned the chance to turn their attention to something essential and constructive. This, of course, would mean that the Yankees would take the title to another world championship but, since this now is regarded as inevitable, no one will be harmed and somebody will be helped. Unless the Cards have been wilfully deceiving the observers, they essentially are a helpful ball club.

Sherdel vs. Hoyt

Therefore if it can be arranged amicably the Yanks by nightfall not only may have another title but another record. If they win this afternoon, they will be the first entry in the history of the series to win the affair twice in the minimum limit of four games, to say nothing of being the only club to do this in successive years.

No hope, perforce, was being held out this morning for a miracle triumph by the Cardinals in the series and, after what happened to Haines and the ball club in general yesterday, almost none for them in this afternoon's game. Huggins, for example, had his three winners, Hoyt, Pipgras and Zachary, to come back with against McKechnie's three losers, Sherdel, Alexander and Haines. One of these losers, Sherdel, was ordained to take the rap for this climax game today and there was at least some consolation in this arrangement. It came from the fact that McKechnie's only choice happened to be his best. Sherdel met a better pitcher in Hoyt on opening day but at least he can say that he of all the Cardinal staff didn't permit the Yanks to become unduly familiar with his delivery. Alexander and Haines have failed in this series; Sherdel hasn't yet, either in this series or its 1926 predecessor.

Hoyt was the natural choice of Huggins but that worthy, having seen three games pass with the Cards limited to a total of sixteen hits, about a third of which were scratches, was dallying with the thought of pitching young Henry Johnson. Anything was possible at this juncture with the Cards throwing them around—and away—as they were yesterday.

Cards Have Chance

Of course, I mustn't forget to mention the fact that Rabbit Maranville, the author, says that if the Cards win today's game, they will have a fighting chance for the title. Meaning, it is assumed, that if they don't win today, even this young man may be inclined to lose heart.

However, this attitude was only typical of a town that has refused to quit behind a club that, for the life of it, simply can't seem to win.

They have supported its ball team loyally but indications today were that they didn't intend to be foolhardy about it. If any one stood in line through the night, nobody else knew about it because nobody else took the trouble to confirm the idea. Still, it was considered likely that the town, game to the last, would furnish a near-capacity crowd of 35,000 this afternoon.

The weather at least was touted highly by the local forecaster, even if the same could not be said for the Cardinals' immediate future. And so the duel between Ruth and Gehrig and the-required-but-not-altogether-necessary seven other members of the club versus the Cardinals will go on this afternoon, largely because it must. Ruth has been crippled and lame throughout the series and the Cardinals, no doubt, will be down right sorry, if they ever find out about it. All this gentleman has done is to get seven hits in eleven times at bat, another series record, and Gehrig has slumped into a record of five hits, including three homers in nine times at bat. The rest of the club hasn't hit any better than the Cardinals which, in truth, is saying very little with too many words.

College Juniors Select Officers

Miss Catherine Elder Of New Castle Is Elected As Class Secretary

BRADLEY EVANS
(Special To The News)

NEW WILMINGTON, Pa., Oct. 8.—Bradley Evans, of Erie, Pa., again proved to be the popular choice for president of the class of 1930 at a meeting held Saturday. The juniors re-elected Evans as president, and also re-elected Cora Williams of Cresson, Pa., as vice president.

Other officers elected by the juniors for the year include Catherine Elder, New Castle, secretary; and David Wallace, Mercer, treasurer.

Evans is active in journalistic work, having served on both the yearbook and newspaper staffs, and is a member of Kappa Phi Lambda fraternity. Miss Williams, associate editor of the year book and a member of the student council, and active in a number of campus organizations, is a member of Phi Delta Chi sorority.

Miss Elder, recently made vice president of Sigma Kappa sorority, is a member of the campus committee, the Y. M. C. A. cabinet, and the Pan-Hellenic council. Wallace is are editor of the yearbook, a member of the honorary debating fraternity, and is a member of Phi Pi Phi fraternity.

Strong Defense Is Featured Saturday By Local Gridders

New Castle High School Football Team Outsmarts Schenley In Fine Game; Pittsburghers Unable To Gain Ground Through Stiff Defense; DiCarbo And Harper Feature With Touchdowns; Mihms And Loder Best Bets For Schenley; Passing Attack By New Castle Fools Visitors; Third Straight Victory For Locals; Crowd Of 6,000 Witnesses Game

By "BUGS" WALTHER

IT WAS an inspired New Castle High school football team that battled the powerful Schenley High grid team into submission at Franklin High field, this city, on Saturday afternoon. The final score was 39 to 0.

By virtue of their stirring upset of the Pittsburgh eleven, New Castle's slate for the 1928 season to date remains unblemished. Bellevue, Grove City and Schenley have fallen before the red and black warriors. The locals are still very much in the race for the W. P. I. A. L. title.

Schenley High brought a smart, big and husky football squad to Lawrence county, but the invaders were not equal to the task of throttling the New Castle attack, both on the offense and the defense. On six different occasions the New Castle backfield men dented the Schenly goal line. The visitors threatened once or twice, but they never got beyond the 10-yard line.

New Castle's strong line deserves a lot of credit for halting the Schenley ball carriers. Only four first downs were registered by the "Bellefielders". New Castle had 12 first downs. Schenley fought hard, but they could not repeat what happened in 1926, when they defeated New Castle, 6-2.

Locals Score Early

At the start of the game Sillman kicked off to Loder over the goal line. It was a beautiful kick and it looked as if New Castle would score a touchback, but Loder picked up the ball and stepped inside the field and was downed on the two-foot line. New Castle drew a 15-yard penalty and the ball went to Schenley on the 15-yard line. On the first play Paulene kicked to New Castle on the 40-yard line. Harper picked up a yard and on the next play McAuley tossed a pass to Sillman that put New Castle on the 33-yard line. It was a short pass just beyond the line of scrimSchenley secured the ball on a fumble on the next play. Loder and Mahwinney tried to puncture the New Castle line, but were stopped without a gain. Paulene tried to kick, but the ball was blocked and Ciccone recovered for New Castle on the 12-yard line.

McAuley was stopped in a thrust at right tackle. Sillman picked up three yards. Harper added a yard. Sillman heaved a long pass to McAuley and the "red-thatched" boy romped over the goal line from the 13-yard mark for the first touchdown of the game. Sillman's try for another point via placement was good and the score stood: New Castle 7, Schenley 0.

Harper Dashes 30 Yards

New Castle scored another touchdown before the first quarter ended. Sillman kicked off to Schenley over the goal line and the visitors secured the ball on the 20-yard line. Several tries at the heavy New Castle line availed them nothing and Paulene kicked to Sillman on the 41-yard line. With McAuley and Harper alternating, the New Castle team advanced to the 30-yard mark. "Tommy Harper broke away on a pivot play around right end and skirted through a broken field for a touchdown. The try for an extra point by Sillman was blocked. New Castle 13, Schenley 0.

Schenley was in possession of the ball on the Schenley 32-yard line when the first quarter ended. The score: New Castle 13, Schenley 0.

The visitors elected to kick on the first play of the second period and the kick was blocked and Ciccone recovered for New Castle on the 12-yard line. McAuley tore through tackle for seven yards and Harper took the ball to the five-yard line. Beckman replaced Mawhinney for Schenley. McAuley made it first down for New Castle on the two-yard line. DiCarbo was called on and crashed through the center of the line for a touchdown. Sillman failed to kick the extra point. New Castle 19, Schenley 0. Fernati replaced McAuley for New Castle in the backfield.

Invaders Are Outplayed

New Castle threatened to score again in the closing minutes of the second quarter and worked the ball to the 17-yard line, but a 15-yard penalty and an intercepted pass gave Schenley the ball and the teams were in the middle of the field battling hard when the first half ended. New Castle had gained the ball again on a punt from Mihms.

A summary of the first half shows that Schenley High did not register a first down the entire two periods. Shaffer hit the center of the line for New Castle had four first downs to her credit.

The New Castle linemen certainly did themselves credit in the first half of the game. Bennie "Red" Ciccone, the center, was in about every play and his recovery of two blocked kicks put New Castle in a position to score. Cuba and Mooney were very conspicuous with their vicious play, and Ostrosky and Howley were breaking up many Schenley plays. Mihms and Loder were the only Schenley backfield men able to gain through the stonewall defense of the Bridenbaugh machine.

Visitors Threaten

At the start of the third quarter Schauer kicked off to Harper and "Tommy" carried it back eight yards. New Castle fumbled and Schenley recovered on the 45-yard line. Schenley again tried to penetrate the "mountain of beef" of the New Castle line, but their efforts were in vain. Mihms kicked out of bounds in midfield, but New Castle drew a 15-yard penalty and Schenley was given the ball. Mihms, the big Schenley fullback, was given the ball four times straight and failed to make 10 yards, and New Castle was given the ball on their own 20-yard line. Harper ran right end for a first down. Sillman passed to Fernati for a three-yard gain. Cuba kicked to Loder, who made a five-yard return. Two plays by Schenley failed to give them over two yards. Mihms kicked and it was blocked and recovered by Ostrosky, who carried it to the 13-yard line before he was downed. Fernati picked up three yards. Harper carried the ball through center to the one-foot line. DiCarbo was again called on and smashed through for his second touchdown. Sillman place-kicked one for another point. New Castle 26, Schenley 0.

The end of the third quarter found New Castle in possession of the ball on the 30-yard line. New Castle gained the ball on the kick-off.

The fourth quarter was not more than two minutes old when McAuley made three yards through the line. Shaffer, who had replaced Sillman, made five yards at center on a nice play. Shaffer again took the ball and went through the Schenley team for a first down on the 10-yard line. Shaffer hit the center of the line again and registered a touchdown. Shaffer drop-kicked one for another point. New Castle 33, Schenley 0.

Cross Country Race Is Won By Allegheny Team

(Special To The News)

NEW WILMINGTON, Pa., Oct. 8.—Westminster opened the cross country season here Saturday when the United Presbyterian harriers lost to the Allegheny distance men by an 18-37 score. The race was run as a preliminary to the Allegheny-Westminster football game.

Four Methodist harriers negotiated the five and one-half mile Fayette course in the lead of the pack, completely outclassing the Westminster team which last year won the conference championship. The loss of Orvil Mirtz and Wesley Rose from last year's team made a decided difference in the result, but since the Allegheny meet is not a conference contest, the United Presbyterians still have a chance to win the title this year.

Minnis of Allegheny finished the course first in 31 minutes and 52 seconds. He was followed closely by Gill, W. Ellis, and Dreibelbis, all of Allegheny. Elmer Myers took fifth place to finish first for Westminster, and Captain King took sixth place.

The summary:

Allegheny	1	2	3	4	8—18
Westminster	5	6	7	9	10—37

IRON MAN

DOMBROWSKI ✦ TACKLE

Having played every minute of every game at tackle last year Joseph Dombrowski, veteran lineman on the Westminster college team was dubbed "iron man." Dombrowski, a junior, weighs 188 pounds and although he was outweighed in the Tech game last Saturday and was outweighed in the tilt with Allegheny he continues his "iron man" tactics. Dombrowski is a former Elizabeth high school star.

Co-eds Battle For Honors In Tennis

Finals In Tournament Are Now Being Played At Westminster

(Special To The News)

NEW WILMINGTON, Pa., Oct. 8.—Co-ed racqueteers of Westminster College are completing the third round in the fall tennis tournament, with two more rounds to go. Finals in the tournament scheduled for today may not be played until tomorrow or Wednesday.

Two groups of second-round winners, Jean Boyd of New Wilmington playing Eleanor Wilson of New Wilmington, and Jean Carter of Pittsburgh playing Margaret Sowash of New Wilmington, are expected to exhibit interesting net work in the finals.

The winners of the second round matches between Kathryn Agnew of Dormont and Edith Caldwell of Crafton will meet Pauline Robinson of New Wilmington; and the outcome of tomorrow's tilt between Cora Williams of Cresson and Florence Groth of Cleveland determines Lois Stewart's opponent in the third-round match. Miss Stewart is from Homestead, Pa.

Miss Robinson and Miss Groth are being watched with interest as the only freshmen co-eds not eliminated in the early rounds of the tournament.

School Bands Aid In Football Game

New Castle And Schenley Bands Play For Football Patrons

The New Castle-Schenley grid game Saturday at Franklin field was enlivened by the presence of two of the finest high school bands in Western Pennsylvania.

New Castle High's smartly uniformed band occupied seats at the extreme southern end of the field and the Shenley High band well uniformed, had seats in the center of the bleachers on the western side of the field. The bands kept up lively music at all intermissions.

It was rather an imposing sight when at the end of the first half of the game the two bands combined and paraded the field. The fans gave them a rousing cheer.

The Schenley High band had the honor of parading the field prior to the start of the game. The band helps promote a feeling of friendliness and good sportsmanship.

Preston And Crombie Tie For First Honors

Elder R. Wallace Leads The Second Division In Sweepstake

There was keen competition at the golf course of the New Castle Field club Saturday afternoon in the weekly sweepstake event played there.

In the first division J. N. Crombie and R. F. Preston tied for first honors of the event with low net scores of 75 each. Elder R. Wallace led the second division with a low net score of 77.

The players, gross scores, handicaps and net scores were as follows:

ALLEGHENY TAKES THRILLER FROM WESTMINSTER 13-6

New Wilmington Eleven Completely Outplays Visitors In First Half

But Tables Are Turned In Second Half And Allegheny Wins

(Special To The News)

NEW WILMINGTON, Pa., Oct. 8.—Westminster's shifty little team and Allegheny's new grid outfit battled here Saturday in one of the most thrilling games ever played on the Westminster field, the eMthodists finally winning, after being completely outclassed in the first half, by a 13 to 6 score.

The United Presbyterians stole the thunder from the touted Methodist outfit in the first half, keeping the ball in Allepheny territory for the first two periods, running up six first downs to one, and scoring six points when Dible carried the ball over the line. Holzapfel's attempt at the extra point was blocked.

U. P.'s Look Good

Coach "Dyke" Beede's Westminster team, the under-dogs in the contest according to the so-called experts, started the game with a blaze of activity which swept the heavier Methodists before it.

Following a punting duel in the early minutes of the game, in which Holzapfel, Westminster quarter, outclassed McKay, Allegheny signal caller, the United Presbyterians kept the ball in enemy territory for the entire half.

The first quarter ended with the honors about evenly divided, but in the second period, Westminster opened up an attack which took the ball to the one-inch line once, which carried it over for a touchdown a little later, and which would have resulted in another had not the whistle blown for the first half.

Second Quarter

Havrilla, fullback for Westminster, started the second quarter with a bang. In four attempts at the line the husky fullback made a total of 15 yards. Here Dible picked up two yards more, and then Holzapfel's forward pass to Forsha, sterling end, was good for five yards.

With the ball resting on the nine-yard mark, Dible made three, added four more, and then Havrilla carried the ball over the goal line, but the touchdown was not allowed. Umpire Qualley claimed that he blew his whistle before the ball went over.

Allegheny took the pigskin on its own one-inch line and McKay punted to Holzapfel on the Allegheny 31-yard mark. Again Westminster opened up an attack which could not be stopped. Holzapfel picked up two yards, and after an incompleted pass, threw a long pass to Forsha for a gain of 10 yards. Dible scooted around end for five yards more, placing the ball on the Methodist nine-yard mark. Havrilla added three more yards when he carried the oval out of bounds on the six-yard mark. Holzapfel pushed it forward for another yard, and then Dible carried the ball over for the touchdown. Holzapfel's kick from placement went wide.

P. P.'s Threaten Again

Nor was this the end of the Westminster threat. Holzapfel kicked off to Berger on the 14-yard line and the star Allegheny back carried the ball to the 29-yard line before he was stopped. After a gain of there yards by Dennison and Berger, Garback's fumble was recovered by Lauder, Westminster's fighting right half.

With the ball on the Allegheny 37-yard line, Dible made four yards in two attempts and then Holzapfel threw the most beautiful forward pass of the day to Pipoly, right end, for a gain of 24 yards. This placed the pigskin on the Methodist 10-yard mark. Hall scooted around end for a 9½-yard gain and the United Presbyterians lined up to take it the remaining half yard when the whistle blew for the end of the first half.

Methodists Change Tables

While the first half was without argument all Westminster's the entire second half of the contest took on an altogether different hue. Evidently Coach Merrit "talked turkey" to his men between halves, for the husky Methodist crew came on the field and started their fireworks immediately. Koeniger kicked off for Allegheny to Holzapfel on the Westminster 28-yard line. Hall made six yards on three attempts, and Holzapfel punted to Berger. Merritt's crew then opened up a forward-passing and line- crushing attack which carried the ball to the shadows of the Westminster goal posts, but the United Presbyterian line held for downs and tock the ball. After a gain of three yards by Hall, Holzapfel again punted, and the Methodists started another march.

Berger passed to Varano for a 26-yard gain, Garback smashed the line for six more, Varano added another six, and Garback and Berger 15 more, which gave Garback the ball on the goal line. The husky fullback carried it over for a touchdown, and McKay drop-kicked the extra point, making the score, Allegheny 7—Westminster 6

Fourth Period

Allegheny continued its march on the Westminster line during the entire fourth period. With the ball near the goal line at the end of the third quarter, Allegheny chose to use Berger, Varano and Garback as battering rams. This trio proved effective until the ball rested on the eight-yard line where the United Presbyterians held for downs.

Holzapfel's punt to midfield averted another score for a time, but Allegheny started on another rampage and would have scored again, had not Pipoly, Westminster end, intercepted Berger's pass on the 30-yard mark. But the Westminster backs could not gain on the heavy Meadville crew, so Holzapfel booted the ball to the Allegheny 33-yard mark.

Despite a 15-yard penalty for holding, Allegheny succeeded in working the ball down the field through forward passes and line bucks, until Garback carried the ball over from the half-yard mark for the second touchdown. McKay's drop-kick for extra point was short. Score Allegheny 13—Westminster 6.

The game ended shortly after, but not until Holzapfel had returned Koeniger's kick-off 24 yards and had tossed a forward pass to Forshat for a 12-yard gain. The final whistle blew after Westminster had lost the ball on downs and Berger had made 12 yards through the line.

For Allegheny, Berger, Varano, and Garback in the backfield, and the giant Koeniger at center played best. The shifty and husky Methodist backs ripped big holes through the line during the second half and gained many yards on a clever forward-passing attack.

Westminster's outstanding players were Forsha, one of the best ends in the district; the hard-hitting and ever alert Lauder at halfback; the cool and capable Holzapfel at quarter; Dible with his shifty method of toting the ball; and Havrilla at full, a star at offense and defense.

FLOYD HYBERT TO TEST FIRPO TONIGHT

Clash In Ten-Round Battle

Firpo's Followers Express Anxiety Over Outcome Of Fight

EIGHT HEAVYWEIGHTS TO ROMP IN BOWL

By ED. FRITZ

Fistic inclined will have an opportunity tonight to see Floyd Hybert, conqueror of "My" Sullivan, Chicago's ace middleweight, in action when he battles Young Firpo of Louisville in a bout carded for 10 rounds, and when the last bell has sounded and all of the blows have been flung they will have had their opportunity of discovering "How good is Firpo!"

For one year, excepting a few short months, Firpo has been battling opponents around with almost the same regularity as the Yankees have been hammering St. Louis pitchers, and in the job of finding someone capable of drawing, beating or perhaps knocking out the partly bald-pated son of Louisville Promoter Bill Jolly selected Hybert for the assignment.

There is anxiety in the camp of Jimmie Dunn, who confesses that of all the middleweights Firpo has met Hybert is the best, and according to close intimates of the Cleveland boxer's tutor, Dunn will be a happy manager should Firpo be able to hold Hybert to a draw. Hybert has milled 65 times and has a stupendous kayo record and is reputed to be a fighter who keeps busy every second.

Owing to Firpo's successive victories here and the fact that he has stopped Joe Midway and George Perotta, in addition to outpointing Joe O'Malley, Red Jadabird and flattening Bert Hilliers, the fans have been anxious to see him against a fighter of more prominence, and as a result Hybert has been paged for the bout at the bowl, which is roofed.

Eight Heavyweights

The other bouts on tonight's card will be fought by heavyweights, and in two of the battles brothers will box against brothers. The semi-final of the six rounds between Frank Sims of Cleveland and Dick Gibbons, Duquesne, Pa., should be a hot affair.

Nick Newman, formerly of Los Angeles, who started out as though he would get somewhere, will return to the ring with Jack O'Hara of Zanesville as an opponent in another six-round fight, while Eddie Sims, Cleveland, will take on Ed. Gibbons in a four-round bout. Bill Ecke, McConnellsville, O., and Bert Pitt, Zanesville, open the show with a four-round bout.

With weather warm for this time of season it is not believed that fans will be uncomfortable, as the big bowl has been roofed completely. The first bout will start at 8:15 p. m.

In the immortal words of Patrick Henry: "Gentlemen may cry pacts, pacts, pacts, but there is no pax."

Well, the steadily increasing college enrollment is good news for the manufacturers of white collars.

Americanism: Kicking about high taxes; kicking because $1,500 offices don't attract $15,000 men.

PUNTS AND PASSES

By "BUGS."

Lawrence county is very well represented on the collegiate football fields of Pennsylvania.

Eight former New Castle grid luminaries romped on college greenswards Saturday. Many of them were on winning teams.

Alec Fox, captain of the University of Pittsburgh, heads the list. Fox was prominent in the 53 to 0 defeat that the Panthers hung on Bethany. Fox played about three quarters of the game.

Ralph Day, former star quarterback at Senior High scored the lone touchdown for Grove City Saturday in their 7-7 tie with St. Francis college. Day scored as the result of a forward pass from Kammer good for 29 yards.

Charles "Tippy" Richards, former captain of the New Castle High team saw service in the Geneva-Bucknell game at Beaver Falls. Richards relieved Preece at fullback for Geneva. Bucknell won the game 13-7.

Frank Leonard, former New Castle High lineman now a member of Thiel college team, started the game for Thiel at right guard in their game with Juaniata. Thiel defeated Juniata 20-6.

Earl Turk, Walter Sumner and Bob Millison, former New Castle High stars were used by Coach Elmer Layden in the Duquesne-St. Thomas game at Scranton on Saturday. The "Dukes" won the game 10-0.

Paul Reider, last year's quarterback at New Castle High, now a halfback at Bellefonte academy was used as a starting backfield man Saturday and scored one of the Bellefonte touchdowns. Bellefonte defeated the Villa Nova Freshmen 26-0.

START PROBE IN CRASH OF PLANE

Bettis Airport Officials Investigate Crash, Three Injured, Two Seriously

(International News Service)

PITTSBURGH, Oct. 8.—Bettis field airport officials today investigated an airplane crash here in which the pilot, John Feery, 38, and two passengers were seriously injured.

The passengers in the plane were Del Berta, 28, of McKeesport, and Ralph Fulton, 33, of McKeesport. Attaches at the Homestead hospital where the men were taken following the accident, reported the conditions of Feery and Del Berta as grave today.

The plane crashed on the estate of F. T. Nason three minutes after it had taken off from Bettis field. It was completely demolished. The cockpit in which the two passengers were riding was caved in and the fuselage, wings and propeller were wrecked. The motor was partly buried in the ground by the force of the crash.

Bettis field officials stated that the cause of the accident had not been determined. Witnesses of the crash said the engine apparently stopped before the plane crashed to the ground.

Gets Test Tonight

YOUNG FIRPO of Louisville and Floyd Hybert will participate in a 10-round bout at the bowl tonight and according to Hybert's followers the Louisville lad will receive the "acid test."

SOME CONGESTION RELIEF IS SEEN

Use Of State Street And Greenwood Avenue Connection Is Big Improvement

Opening of Greenwood avenue and the State street and Greenwood avenue connection between the Ohio and Pittsburgh valley traffic through this city has eliminated some of the traffic congestion at the New Castle public square, it was noted yesterday.

Many of the autoists who are going through the city from Pittsburgh to Ohio, or coming the other way, are not required to make the trip via Washington street and the public square, as in the past.

With the erection and completion of the North street bridge over the Neshannock creek, when another avenue of traffic will be provided that will take considerable off of Washington street, there will be still further reduction in the congestion that has prevailed in the past.

Some Surprises Spring In Saturday's Games

With some 266 college teams and unnumbered high school teams playing Saturday afternoon, football got into its full stride for the season. While the opening day was really the week before, yet there were some cams that did not get started until Saturday.

Locally of course the New Castle High school win over Schenley High of Pittsburgh, 39-0 ranks as the outstanding game of the day. Touted as big, tough and fast, the Schenley team took a series of well timed clips on the chin piece. New Castle's first touchdown was considered just an accident, the second one a coincidence, but after that Schenley decided it was a habit.

Westminster Looks Good

Up in the Ninth ward, sometimes known as New Wilmington, Westminster displayed a sweet brand of football and held Allegheny to a 13-6 score. Allegheny had the game pegged as a conditioner, but had to fight desperately to shove a second touchdown in the dying minutes of the game.

Grove City could do no better than tie with St. Francis 7-7 and the Grovers one touchdown was the result of fleet footed Ralph Day, former New Castle High school star. Geneva bowed to Bucknell 13-7 and Mac Flenniken's hope of another Bo McMillan team was shattered. Duquesne seems to be proving the surprise of the season. Elmer Layden, former the lead horseman of Notre Dame's Four Horsemen is coaching the team and handed the heavy St. Thomas team a 10-0 trouncing at Scranton. Millison and Turk, ex-New Castle lads got into the game.

Captain Alex Fox, of Pitt, former New Castle High star tackle led his so-called "weak team" in a romp against Bethany and won by a 53-0 score. The Panthers looked mighty sweet in their work against Bethany and the croakings of the crepe hangers may yet turn to hosannas.

Carnegie Tech had a light workout with Ashland; defeating them 65-0 or something like that. Thiel defeated Juniata 20-0. Out in the Badger State, Wisconsin buried Notre Dame's hopes of a winning team under a 22-6 score and Rockne and his Fighting Irish step out of the picture for the season. With her scuppers still awash from a ducking received at the hands of Davis-Elkins a week ago, Navy hove to against Boston college but was sunk without warning, 6-0. Navy is now just a service team for the rest of the year and Army seems to be in danger of the same fate, barely defeating Southwestern Methodist by a 14-13 score. Davis-Elkins, the surprise team of the year did not play, New River cancelling them.

". . . . and for Yale"

Yale seems to have something of a team this year, running up 27 points against Maine's total of nothing, while dear old Harvard crushed the veteran Springfield team 30-0. Princeton, a word deleted from the Harvard lexicon smothered Vermont 50-0 and Dartmouth defeated Hanover 44-0. Georgetown apparently was out for high honors in its game against Susquehenna piling up 88 points to none.

Ohio State ran over Wittenburg 41-0, and Washington-Jefferson shut out Waynesburg 24-0. Cornell had no trouble with Niagara 34-0. West Virginia scalped the Haskell Indians, 28-0, and Penn State had plenty of trouble with Gettysburg, winning 12-0. Columbia defeated Union 27-0, Syracuse defeated Williams and Mary 32-0, Northwestern defeated Butler, 14-0, and Minnesota defeated Creighton 40-0. The funeral dirge sounded for Michigan when Ohio Wesleyan took them 10-7 and Bob Armstrong is explaining what it was all about today. Amherst and Bowdoin played a nice game, Amherst winning 7-3, and Lafayette practiced against Muhlenberg the score being 56-0. The Golden Tornado of Georgia Tech won from Virginia Military Institute 13-0 while Vanderbilt beat Colgate 13-7 and Alabama defeated Mississippi 27-0. Stanford defeated Oregon 26-12.

These games are the ones attracting the most attention in this section. The possibilities for national honors have not yet appeared of course, but Army, Navy, Notre Dame, Michigan, Chicago, and West Virginia, need have no worries about them now. Pitt seems to have a better team than was expected, Carnegie Tech gives promise of showing a splendid team this year. Duquesne appears to have the best team of its history, and Princeton may yet come through as the outstanding team of the east.

St. Louis Cracks In Sixth Frame

New York Yankees Score Third Straight Victory Of Series

YANKEES PRODUCE PUNCH WHEN NEEDED

ST. LOUIS, Mo., Oct. 8.—The New York Yankees defeated the Cardinals here 7 to 3, in the third game of the world series, Gehrig polling two home runs in the game which was the first of the series to be played in the Cardinals own backyard.

Haines pitched against Zachary but he was removed in favor of Johnson after six innings, during which time six runs and six hits had been recorded against the speed boy. One hit and run came from Johnson after which Rhem was injected into the game and a hit came during the two innings he was on the mound. Zachary went the entire route for the Yankees.

Break in Sixth

Ruth and Gehrig were much in the limelight with their swatting while High and Bottomley hit a double and a triple. Two errors were chalked against Wilson. But the victory in a measure may be summed up that the Yankees stood solidly behind their hurler and came through with the punch when it was needed.

The turning point occurred in the sixth when Wilson dropped a throw as Babe Ruth slid into home plate and Wilson's second error came when he threw over second and by the time the sixth had been finished the Yankees had scored three runs and put the game on ice. And when they go out today they will be fighting with their backs against the wall for another victory means the championship goes to the Yankees.

Every Officer Stands For One Thousand Cars

In Other Words, Though Appearing Often, Traffice Cops Are Not Numerous

Every traffic copper that you should per chance see means just one thousand cars—aside from any trips to the calaboose that you might get from him.

These are Bernard Hanlon's figures up at the New Castle Motor club, following a nation wide survey which has been made by automobile clubs. Ten years ago, there were 500 cars for every traffic policemen, according to the figures obtained.

Cars have increased 326 per cent in this last ten year period while the number of traffic policeman have increased but 83 per cent, states Mr. Hanlon.

In some cities with a percentage of several hundred with regards to the automobiles, the number of traffic officers have actually decreased, according to the figures obtained in the nation wide survey.

With one thousand cars averaging for every policeman in cities, states Mr. Hanlon, it is little wonder that the number of accidents is enormous and that people avoid strange city traffic regulations.

Five Killed In Week-End Auto Mishaps, Report

Five Are Killed And Twenty-Seven Injured Toll In State For Two Days

(International News Service)

Five persons were killed and twenty seven persons were injured in automobile accidents in Pennsylvania over the week end, a survey by International News Service revealed today.

Two of the dead and one of the injured were victims of an accident near Chester, two were killed and twenty-one were hurt in the Philadelphia district. One death occurred at Harrisburg, which also reported four people injured. Two persons were injured at York.

Rabbit Season To Open November 1

Will Continue Until December 15; Regulations As To Days Are Made

Rabbit season will start November 1 and continue until the end of the month. During this time hunting is permissible only during the latter three days of the week: Thursday, Friday and Saturday. Beginning December 1 and continuing until December 15, rabbits may be hunted six days a week.

This statement is made by the board of game commissioners at Harrisburg to clear up a misunderstanding which arose when the season was moved up so as to start October 15 and then changed back to November 1.

A woman's ideas of getting along with her husband would work if he were not so contrary.

The peace treaties have held armed forces to a mere 35 per cent. increase over 1913.

Over Five Hundred Coke Ovens Fired

(International News Service)

CONNELLSVILLE, Pa., Oct. 8. — Five hundred thirty-five additional ovens were to be fired in the Connellsville coke region today on orders issued by the H. C. Frick Coke company. The additional ovens included 260 at Continental No. 1, 175 at Southwest, 150 at Calumet and 50 at Hostetter. Early last week 657 ovens were lighted. Coal will be shipped from the Crossland mine.

New Champions

By Feg Murray

The end of September saw much that was interesting in the sports field, with many champions decided, new heads wearing crowns for the first time, old champions returning to their thrones, and champions, new and old, getting thrown on their ears and crowned.

Chief among the new kings is Andre Routis of France, featherweight champion of the world by virtue of a well-earned victory over Tony Canzoneri of Brooklyn in a 15-round bout at Madison Square Garden, New York, the night of September 23. A furious body attack won for the orphan boy of Bordeaux, and now the crown that once adorned the war-shattered head of Eugene Criqui sits on the head of another son of France.

That same day saw the Yanks cinch the American league pennant, while Saturday saw the Cardinals clinch the flag in the older circuit. On Sunday "Goose" Goslin won his first batting championship, while Rogers Hornsby finished the season in first place in the National league for the seventh time. Goslin's unofficial average is .379; Hornsby's, .357

So much for baseball and boxing In golf, Glenna Collett, champion in 1922 and 1925, returned to the seats of the mighty by crushing Virginia Van Wie 13 and 12 at Hot Springs Va., in the finals of the women's national championship. Miss Van Wie won only one hole—that's how good Glenna was.

Football saw little Davis Elkins of Elkins, W. Va., throw a monkey-wrench into the Navy's football machinery by defeating the Middies 21 to 0. South Carolina and Ripon beat Chicago's two teams, while the Olympic club was trimming Stanford.

And last but not least, Vinnie Richards won the United States professional tennis championship by defeating Karel Kozeluh, "the world's greatest player", in four sets.

FEG MURRAY SAYS

The brown derby for the world's best (or is it worst?) pun on the coming nuptials of the recent world's heavyweight champion goes to Heywood Broun, who got it from Robert Benchley, so he says, as a gift. Here it is: "Lauder and Tunnier"

in compliance with the conditions set forth in the Plans, Specifications and Contract Documents for the work embraced under (1) General Contract, (2) Electrical Contract, (3) Plumbing Contract, (4) Heating and Ventilating Contract.

Contractors may submit proposals for any or all of the work on one or more of the foregoing buildings.

These proposals will be received until ten A. M., Friday, October Twelfth. Proposals must be submitted separately for the respective contracts on the forms furnished by the Architect; and addressed to the Bureau of School Buildings, State Department of Public Instruction, Harrisburg, Pennsylvania, marked on outside of envelope as "Proposal on———".

A certified check equal to five (5) per cent of the aggregate amount of the bid must accompany each proposal, to guarantee acceptance of the contract if awarded.

A Surety Company Bond equal to the total amount of the contract will be required of successful bidders.

Plans may be viewed at the office of the Architects, Ritcher and Eller, 147 North 5th Street, Reading, Pa.; at the office of the School Buildings Bureau, Department of Public Instruction, Harrisburg, Pa.; or at the Principal's Office of the several schools. Complete plans and specifications will be furnished up to October 5 on application to the Architects when accompanied by a deposit of $25.00 for General Contract plans, and $15.00 for Plumbing, Electrical, or Heating and Ventilating plans. $17.00 will be returned on the deposit of the General Contractors when plans have been returned to the office of the Architects and a refund of $10.00 will be made on the deposits of the Plumbing, Electrical, or Heating and Ventilating plans. The above deposits are required to insure receipt or a proposal and in the event of no bid being received, the entire amount of the deposit will be forfeited.

The Owner reserves the right to reject any or all proposals or to award the contract or contracts in such a manner as may appear to be to his best interest.

Signed

JOHN A. H. KEITH, Superintendent of Public Instruction.

N. Y. STOCKS

(International News Service)

NEW YORK, Oct. 8.—Stock price movements at the start of the new week were somewhat confused. The coppers made the best showing, American Smelting, Anaconda and Greene Canea forging ahead in good form. The motor and motor accessory stocks reached higher price levels at the beginning, but progress was impeded by a wave of profit taking in Chrysler, Hupp, Studebaker and other favorites in this group.

Universal Pipe and Pressed Steel Car sold in good volume in the absence of official confirmation of the proposed merger of these properties with the Blaw Knox and possibly other and similar concerns. Profit-taking in these stocks was also in considerable volume and prices in the first hour were unchanged from last week's close. Chrysler Motor and General Motors declined about 3 points each under the weight of speculative selling.

Business and industrial reports continued favorable, and the bankers were quite confident that the heavy autumn credit requirements would be met by an increase of Federal Reserve credit. Steel Mills have been further expanding their operations in order to meet the requirements of the markets, copper buying is the best in more than three years and consumption of oil is considerably above that of the same period last year.

At the end of the first hour the general average of the active motor car, steel, specialty and manufacturing stocks was about a point lower, while the coppers and a few of the oils held the higher price positions.

Call money started the week at 6½ per cent.

Faith is belief in things unseen. For instance, men believe in the rights of a minority.

Bucky Harris Out

Stanley (Bucky) Harris, whose brilliant piloting landed the Washington Senators two league pennants and a world's championship, has been relieved of his berth as manager and will go to another club as soon as a satisfactory deal can be arranged. Joe Judge, veteran first sacker of the Senators, probably will succeed him.
